## **A Students Guide To Studying Psychology:**

**A Student's Guide to Studying Psychology** Thomas M. Heffernan, 1997      **The Student's Guide to Studying Psychology** Thomas M Heffernan, 2015-06-19 Studying a degree course in psychology even if you've taken the subject before university requires a whole range of new skills and knowledge And the 4th edition of this best selling guide is an invaluable companion It can not only help you to get a good final degree but will also support you in making informed choices towards either a career or further study Updated to include the latest developments in the field the new edition provides practical and helpful guidance on everything a psychology student encounters throughout their degree including Writing essays and research reports including how to get your referencing right Guidelines for researching ethically using humans or animals An overview of research methods and statistics including qualitative methods Tips on how to approach and pass your exams Advice on becoming a graduate including preparing your CV and making the most of your degree Featuring advice to help you every step of the way the book also includes a library of weblinks to provide further resources to support your studies This is an essential book for any psychology student wishing to make the most of their degree course      *A Student's Guide to Studying Psychology* Thomas M. Heffernan, 2005-03-01 Now in its third edition this very popular guide to studying psychology remains an invaluable tool for students at both undergraduate and pre degree level along with those deciding whether to take psychology as an academic subject Providing insights into the most critical aspects of studying psychology A Student's Guide to Studying Psychology is distinguished from other texts by its easy to follow format and practical nature Topics covered include perspectives within psychology making the most of seminars tutorials and lectures how to write essays and empirical reports guidelines on exam preparation and technique information on careers in psychology and tips for applying for jobs including how to write your own curriculum vitae For this fully updated third edition new advice is included on web based research and referencing Subject coverage is expanded to include contemporary research trends in cognitive neuroscience evolutionary psychology and positive psychology In addition new material investigates postgraduate specialisms including neuropsychology psychotherapy and sport psychology      Psychology Stanton L. Jones, 2014-11-30 In this accessible student's guide an experienced professor examines the study of psychology from a distinctly Christian perspective introducing readers to key issues such as the origins of morality nature vs nurture the relationship between the mind and brain and the concept of personal identity Whether examining the history of psychological reflection the legacy of the Enlightenment and Darwinism or the development of modernist psychology this volume will help students think carefully about the influential ideas that continue to shape contemporary discussions about what it means to be human      Study Skills for Psychology Students Sylvie Collins, Pauline Kneale, 2014-05-01 The problem with the first year was I didn't know what I didn't know and even when I thought there was something I was supposed to know I didn't know what to do about it This quote from a perplexed undergraduate student illustrates the plight of many first years who feel overwhelmed by the

demands made on them at university combined with the expectation of lecturers and tutors that they will already know how to study independently Study Skills for Psychology Students is a light hearted yet comprehensive guide to studying psychology at university Covering topics such as using the library and other resources making effective notes in lectures and successful revision skills the authors provide a practical guide to help the new student get the most out of their psychology course Finally in addition to the generic information needed by all students embarking on a degree course Study Skills for Psychology Students includes psychology specific material on Ethics Professional Data Acquisition and Interviewing Skills

*Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1977      The International Student Handbook Hayo Reinders,Nick Moore,Marilyn Lewis,2020-02-14 Aimed at providing non native English speakers with the skills needed to study overseas at an English speaking University this practical handbook prepares students to live abroad understand university culture and to improve their English It is built around activities that give hands on practice to make overseas university study a success      How to Manage your Distance and Open Learning Course Lucinda Becker,2017-03-14 This book is an essential guide to all aspects of open and distance learning covering how to choose a course how to manage the routine aspects of studying and how to make the most of the learning opportunities skills development and career advancement that can arise from your course Key areas include time management flexible learning techniques assessment finance problem solving and dovetailing your course with domestic and professional commitments The guidance is always practical and the tone is positive      *Career Skills* David Littleford,John Halstead,Charles Mulraine,2017-03-14 David Littleford John Halstead and Charles Mulraine have over 60 years experience of working with young people at the start of their careers In this unique workbook they offer the reader the opportunity to develop the tools and techniques they will need to identify their personal skill sets and use them to sell themselves effectively at interview and beyond      **The Student Life Handbook** Christine Fanthome,2005-09-08 Many students arrive at university with the idea that this will be the time of their lives However some students find that being a fresher is not all it s cracked up to be they are not immediately at ease with university culture and find it hard to deal with the day to day issues arising from living away from home The Student Life Handbook draws on the experiences of over 160 students from all over the UK to offer practical advice on balancing domestic demands with university study Covering many aspects of university life such as finance accommodation leaving home and joining the social scene this guide will help students reap the greatest possible benefit and enjoyment from their time at university
