Vikram Seth's Poetics of Pastiche Mélanie Heydari, 2024-09-21 Vikram Seth is a critical enigma. He is recognized as one of the most important Indian Anglophone authors of his generation; his individual works have been widely reviewed, yet his work has rarely been approached as a whole and remains surprisingly understudied. Perhaps the chief reason for the paucity of critical response to the full compass of Seth's work is his disregard for intellectual fashion. Indeed, Seth is at once very popular and deliberately unfashionable. His literary affiliations are conservative, seemingly uninterested in any revisionary narrative; he is equally unconcerned by the interpenetration of cultures in our globalized world, representing assimilation rather than cultural difference. He defies the expectations of both postcolonial and world literature, therefore, to discuss his critical neglect is to shed light on the limitations of these labels. As the most thorough attempt to map a general poetics in Seth's work, this study, the first of its kind on this writer, develops a new critical methodology to capture the nuances of Seth's literary strategies. It provides scholars and students insight into the key features of Seth's work and uncovers a consistent authorial strategy running through his seemingly disconnected body of work, namely, a systematic use of intertextual practices.

Postcolonial Literatures in Context Julie Mullaney, 2010-02-11 Postcolonial Literatures in Context is a clear, accessible and concise introduction to postcolonial literatures in English and English translation and their wider contexts. It begins by introducing key issues involved in the study of postcolonial literature, including old and new diasporas, postcolonial nationalisms, indigenous identities and politics, and globalization. Close readings of commonly studied texts from and about Africa, Australia, Canada, Palestine, and South Asian diasporas highlight critical questions and ways of reading postcolonial texts. A chapter on afterlives and adaptations explores a range of wider cultural texts, including film, non-fiction, and art. The final section introduces key critical interpretations from different perspectives, including diaspora theory, feminism, indigeneity, and the postcolony. Review, Reading, and Research sections give suggestions for further reading, discussion, and research. Introducing texts, contexts, and criticism, this is a lively and up-to-date resource for anyone studying postcolonial literatures.

Mine Your Language Abhishek Borah, 2024-03-18 Statutory warning: Language is a minefield. Words that firms and consumers use can be dealbreakers. Today, firms have many language-based decisions to make, from the brand name to the language of their annual reports to what they should or shouldn't say on social media. Moreover, consumers leave a goldmine of information via their words, expressing their likes, dislikes, perceptions, and attitudes. What the firm communicates and what consumers say have an impact on consumer attitudes, satisfaction, loyalty, and ultimately on a firm's sales, market share, and profits. In this book, Abhishek Borah meticulously and marvellously showcases the influence of language on business. Through examples ranging from Toyota to Tesla and Metallica to Mahatma Gandhi, you will read about how to improvise on social media, how changing
