History of the Incas David M. Jones,2007 History **The Ancient Andean Village** Kevin J. Vaughn,2009 Although ancient civilizations in the Andes are rich in history with expansive empires skilled artisans and vast temple centers the history of the Andean foothills on the south coast of present day Peru is only now being unveiled Nasca a prehispanic society that flourished there from AD 1 to 750 is best known for its polychrome pottery its enigmatic geoglyphs the Nasca Lines and its ceremonial center Cahuachi which was the seat of power in early Nasca However despite the fact that archaeologists have studied Nasca civilization for more than a century until now they have not pieced together the daily lives of Nasca residents With this book Kevin Vaughn offers the first portrait of village life in this ancient Andean society Vaughn is interested in how societies develop and change in particular their subsistence and political economies interactions between elites and

commoners and the ritual activities of everyday life By focusing on one village Marcaya he not only illuminates the lives and relationships of its people but he also contributes to an understanding of the more general roles played by villages in the growth of increasingly complex societies in the Andes By examining agency in local affairs he is able for the first time to explore the nature of power in Nasca and how it may have changed over time By studying village and household activities Vaughn argues we can begin to appreciate from the ground up such essential activities as production consumption and the ideologies revealed by rituals and thereby gain fresh insights into ancient civilizations
