Bridge To Life 50pack:

Sharing Your Life Mission Every Day Various Authors, 2009-08-30 Sharing Your Life Mission Every Day just isn't that hard. You need a few skills, a few friends for support, and a glimpse of God's heart for those who don't know him. These six sessions will equip you to extend love to seekers around you and talk about your experience with God in ways that people will understand. God doesn't ask you to do it alone; discover the power that comes from teaming up. Doing Life Together is a groundbreaking study. It's the first small group curriculum built completely on the purpose-driven paradigm. The greatest reason I'm excited about it is that I've seen the dramatic changes it produces in the lives of those who study it. From the foreword by Rick Warren: Based on the five biblical purposes that form the bedrock of Saddleback Church, Doing Life Together will help your group discover what God created you for and how you can turn this dream into an everyday reality. Experience the transformation firsthand as you begin Connecting, Growing, Developing, Sharing, and Surrendering your life together for him. Life John Ames Mitchell, 1913 Enemy Intimacies and Strange Meetings in Writings of Conflict 1800-1918 Holly Furneaux, 2025-04-03 Propaganda others the enemy as brutish, brutal, and lacking in humanity. By contrast, a wealth of literary and first-hand writings present switches in which the enemy becomes as Wilfred Owen famously put it, a strange friend. This book focuses on moments of intimacy and reassessment between military enemies, truces, treatment of the wounded, relationships with prisoners of war. It is concerned with the work done by declarations of fellow feeling, both to challenge and enable militarism. The book explores enemy intimacies in literature, philosophy, and life writings to ask questions about the nature of amity, enmity, familiarity, and otherness. It ranges across British conflicts of the long nineteenth century, a period in which ideas about the uniqueness of combat experience coalesced with a European effort to secure a distinctive version of so-called civilized humanity. The sense that soldiers of the other side, bonded by experiences unavailable to civilians, were just like us came into tension with views about the dissimilarity of other nations and races. This book considers which enemies can become familiar and which are held as other, investigating dividing lines of nation, race, religion, and culture. Enemy Intimacies and Strange Meetings asks how far these affectively powerful encounters can shift individual and wider narratives about civilisation and humanitarianism. Attention to the violence that can be done by claiming and denying fellow feeling is held in tension with hope in the queer possibilities of reoriented compassion. This book uncovers a rich cultural history of enemy intimacies to consider different orientations of cosmopolitanism and humanitarian fellow feeling while recognizing and explaining the ways in which full international kinship remains elusive.
