**South Temple Street Landmarks** Bim Oliver, 2017-01-30 From the earliest days of settlement South Temple was Salt Lake's most prestigious street. In 1857 William Staines built the Devereaux House, Salt Lake's first of many mansions. The once bustling Union Pacific Depot eventually found itself increasingly isolated. Downtown's gleaming copper landmark overcame numerous hurdles before its construction was finally finished, and the Steiner American Building helped usher in acceptance of Modernist architecture. Evolving to reflect its continued prominence, in 1975 the thoroughfare's core became the city's first local historic district, and in 1982 it made the National Register of Historic Places. Author and historian Bim Oliver celebrates the changing landmarks along these famous eighteen blocks. *Historic Little Rock* C. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea. Practical Apartment Management Edward N. Kelley, 2000 This anthology of new approaches to literary study takes its name from Lope de Vega's *Arte nuevo de hacer comedias*. Here is the not quite new art of *estudiar* rather than *hacer drama* that is the central concern. This volume is directed to students of literature and to scholars who wish to expand their knowledge of the many different areas of theoretical inquiry that comediantes are currently exploring.
