Erik Brooks, Glenn L. Starks, 2015-10-21 This encouraging guide coaches African American and first generation college students on strategies for maximizing their experiences and success on university campuses. Marked gaps in academic achievements continue to exist between white and black students on college campuses in America. This motivational book with contributions from academic role models from within the African American community provides tools to help ethnically diverse students choose the best college, improve their study skills, and cope with academic anxiety. From college selection to graduation, this practical resource provides firsthand accounts of successful college experiences and the strategies used by former students to obtain their degrees. This work is divided into four parts. After an introductory section that addresses how to find the right college for aspiring students, the second part discusses the culture of an academic environment and reveals what incoming students may discover on a new campus. The third section introduces the language and lingo used in college settings. Finally, the guide concludes with conversations with successful African Americans who have achieved their undergraduate, graduate, and professional degrees. The content also features a helpful college and university directory. *2007-2009 African American Scholarship Guide for Students & Parents* Dante Lee, 2007 A financial resource guide for high school and college students with over 1 000 listings of scholarships, grants, fellowships, and internships for African American students and students of colour. *Students' Guide to Colleges* Jordan Goldman, Colleen Buyers, 2005-08-02 College guides are a must for any teenager trying to choose the right school. Unfortunately, most guidebooks are vague, boring tomes written by administrators and journalists instead of the real experts: the college students that actually go there. *Students Guide to Colleges* is different. Entirely student written and edited, this invaluable resource cuts through the cant with comprehensive listings of the vital statistics and requirements for America's top 100 schools, accompanied by three totally honest, fresh, fun-to-read descriptions penned by attending undergrads from different walks of life. Want to know how big classes really are? How rigorous the academics get? Or how greek or granola, chill or up-tight, homogenous or diverse, gay or straight, a campus really is? Lively, irreverent, and insightful, *Students Guide to Colleges* is the only guidebook that offers multiple perspectives on each school and tells it like it is, so that college applicants can make the best choice when deciding where they want to spend their college years. More than 30 000 students surveyed. Preface by Chuck Hughes, former senior dean of admissions at Harvard University. **Journey of Hope** Samantha

Fitts,2018-09-03 There are some women who don't have a desire to get married and have children. However, Samantha was not one of them. Many women in their late 30s and early 40s postpone marriage or childbearing to obtain their education, establish their careers, and become financially secure. Unfortunately, this sometimes leads to difficulties in finding Mr. Right or conceiving or both. This can be an arduous and heartbreaking time of life when it seems lifelong hopes and dreams of family may not be possible. Samantha delayed marriage until the age of 36 after she'd pursued advanced degrees and established her career, not entirely by choice since Mr. Right hadn't entered her life sooner. At times she wondered if it would ever happen. Once married, she and her husband wanted kids right away, only to suffer a miscarriage and the devastating diagnosis of infertility. In this book, Samantha shares her extraordinary journey of hope. You will discover how her faith in God and perseverance led her to the right husband and overcoming infertility to have their first baby at 40. Don't give up on your dreams; whatever they are, you still have time.
