Everything about it was designed to motivate you to be more active. As amazing as all the new features are, it's not quite as easy to use as an iPhone; the lack of buttons, the smaller screen, and general UI can make a frustrated initial experience. The point of this book is to help new Apple Watch users and users updating to Watch OS 6 from an older device get the most out of their investment. Are you ready to start enjoying your new Apple Watch? Then let's get started. Note: This book is not endorsed by Apple and should be considered unofficial.
