¹⁾ Urban cycle, extra-urban cycle, combined cycle (l/100km) may differ depending on the fuel used (gasoline). The specific values were determined in accordance with the approved test procedures. The figures do not refer to a particular individual vehicle, but are intended solely as a basis for comparison between different types of vehicle. The actual consumption may be different and depends, in particular, on engine mode, terrain, driving habits, driving style, road and traffic conditions, maintenance and wear and the state of the vehicle.

The figures are not provided for all engine versions. In this case, the first version given applies, for example, the 1.8.
