Beholding The Glory Incarnation Through The Arts:

Beholding the Glory Jeremy Begbie, 2000-10 A fine collection of probing and imaginative discussions on the relation between the Incarnation and the arts Nicholas Wolterstorff Yale Divinity School Theological Aesthetics Gesa Elsbeth Thiessen, 2005 While interest in the relationship between theology and the arts is on the rise there are very few resources for students and teachers let alone a comprehensive text on the subject This book fills that lacuna by providing an anthology of readings on theological aesthetics drawn from the first century to the present A superb sourcebook Theological Aesthetics brings together original texts that are relevant and timely to scholars today Editor Gesa Elsbeth Thiessen has taken a careful inclusive approach to the book including articles and extracts that are diverse and ecumenical as well as representative of gender and ethnicity The book is organized chronologically and each historical period begins with commentary by Thiessen that sets the selections in context These engaging readings range broadly over themes at the intersection of religion and the arts including beauty and revelation the vision of God artistic and divine creation God as artist images of God the interplay of the senses and the intellect human imagination mystical writings meanings of signs and symbols worship liturgy doxology the relationship of word and image icons and iconoclasm the role of the arts in twentieth century theology and much more

The Out of Bounds Church? Steve Taylor, 2010-12-21 What s Going on Out There Author Steve Taylor takes trips to the edge of the church envelope and sends us back what he s finding inside the emerging church around the globe From the revival of ancient spiritual practices to the rise of multimedia each of his posts sketches a view of the body of Christ in wild flux Topics include birth pilgrimage community creativity DJing and leading and following **Evangelical Theological Aesthetics** Ryan Currie, 2025-06-03 What is beauty Hans Urs von Balthasar famously critiqued Protestantism for lacking a theology of beauty But is this critique accurate This book develops theological aesthetics from an evangelical Protestant perspective The primary dialogue partner is Balthasar but Currie also shows the development of theological aesthetics in the history of theology Currie explores the relationship of beauty and glory and the spiritual sense and the physical senses Theological aesthetics is not esoteric but profoundly shapes the believer s perception of God through faith and generates a beautiful life Divine Generosity and Human Creativity David Brown, 2017-02-22 Partly in a desire to defend divine freedom and partly because it is seen as the only way of preserving a distinctive voice for theology much contemporary theology has artificially restricted revelation and religious experience effectively cutting off those who find God beyond the walls of the Church Against this tendency David Brown argues for divine generosity and a broader vision of reality that sees God deploying symbols literary visual and sacramental as a means of mediating between the divine world and our own material existence A sustained argument for divine interaction and more specifically the ways in which God speaks in the wider imaginative world this volume calls for a careful listening exercise since symbols are richer and more open in their possibilities than their users often suppose Not only is this true of the imagery of Scripture even inanimate objects like

buildings or hostile but creative artists can have important things to say to the believing Christian An ideal introduction that also moves the conversation forward this volume addresses foundations the multivalent power of symbols artists as theologians and meaning in religious architecture Hans Urs von Balthasar and the Phenomenology of Art Brett David Potter,2022-09-23 The work of the influential Jesuit theologian Hans Urs von Balthasar 1905 1988 has become a common point of reference in discussing the relationship of theology and the arts However the full significance of his theological aesthetics for both the emerging field of theology and the arts as well as for interdisciplinary conversation with contemporary art and theory remains to be unfolded This book explores the ways in which Balthasar s theo aesthetics when taken together with his theological dramatics and theo logic yield a theologically informed phenomenology of the work of art with rich implications for contemporary theologies of art By investigating the nature and disclosure of beauty and being through art Balthasar s theological re reading of Heidegger his theo dramatic relation of all forms to Christ and his phenomenology of truth Balthasar s philosophical and theological insights into the nature of art are presented as a resource for a constructive theology of art which springs from the depths of his theological aesthetics **Sermons That Sing** Noel A.

Snyder,2021-08-17 Preaching and music are both regular elements of Christian worship yet they often don t interact or inform each other in meaningful ways Theologian pastor and musician Noel A Snyder considers how preaching that seeks to engage hearts and minds might be helpfully informed by musical theory so that preachers might craft sermons that sing

Navarro,2020-10-29 Most approaches to liturgical theology are anthropocentric the study of liturgy is primarily focused on what we the worshipers do Thomas F Torrance and James B Torrance offer a trinitarian and christocentric approach This informs not only the why of worship and not simply the what or how of worship but centers on the One whom we worship Most significantly it fully recognizes the key role of the humanity of Christ as the ascended High Priest who alone offers the perfect worship and through whom alone we are enabled by the Spirit to worship God *ThirdWay* ,2000-10 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture
