legend and throughout its geographic range This book is a brilliantly readable and exhaustively researched monograph It is illustrated throughout with numerous photographs and line drawings illustrating various aspects of the species behaviour and morphology It will appeal greatly to all those with an interest in birdwatching especially those who already know something of this wonderful and inspirational bird The Seasonal Eye Keith Taylor, 2023-09-28 Veteran environmental tutor and retired countryside ranger Keith Taylor seeks out spiritual and visual riches as he undertakes a year travelling to locations that have always intrigued him or may offer a fresh relationship with the outdoors both through his own seasonally aware eyes and those of equally restless colleagues *Partnerships in Birds : The Study of Monogamy* Jeffrey M.
