Beyond Postmodernism Beyond Postmodernism:

Beyond Postmodernism Christopher K. Brooks, 2014-07-03 *Beyond Postmodernism* is a collection designed to provide the reader with an alternative to viewing the world through the lens of Postmodernism. Contributors to this collection utilize and define such critical tools as transhumanism, post post theory, posthumanism, and postcontemporary theory. Other essays focus on interpreting texts or genres yielding impressive conclusions that were beyond the scope of postmodern discourse. Eclectic in nature while examining works as diverse as Julia Ward Howe's *The Hermaphrodite* and Salman Rushdie's *Satanic Verses*, yet unified in a commonsensical statement that postmodernism has perhaps ruled too long in critical discussions, this collection is also designed to attract those seeking or awaiting something new in critical methodology to consider joining in the postcontemporary dialogue.

Beyond Postmodernism Klaus Stierstorfer, 2012-05-02 After the veritable hype concerning postmodernism in the 1980s and early 1990s when questions about when it began, what it means, and which texts it comprises were apt to trigger heated discussions, the excitement has notably cooled down at the turn of the century. Voices are now beginning to be heard which seem to suggest a new episteme in the making which points beyond postmodernism while it remains at the same time very uncertain whether what appears as newness is not rather a return to traditional concepts, theoretical premises, and authorial practices. Contributors to this volume propose to explore new openings and recent developments in anglophone literatures and cultural theories which engage with issues seen to be central in the construction of a postmodern paradigm but deal with them in ways that promise new openings or a new *Zeitgeist*.

Beyond Postmodernism Roger Frie, Donna Orange, 2013-12-16 *Beyond Postmodernism* identifies ways in which psychoanalysis has moved beyond the postmodern debate and discusses how this can be applied to contemporary practice. Roger Frie and Donna Orange bring together many of the leading authorities on psychoanalytic theory and practice to provide a broad scope of psychoanalytic viewpoints and perspectives on the growing interdisciplinary discourse between psychoanalysis, continental philosophy, social theory, and philosophy of mind. Divided into two parts, *Psychoanalytic Encounters with Postmodernism* and *Psychoanalysis Beyond Postmodernism*, this book elaborates and clarifies aspects of the postmodern turn in psychoanalysis, furthers an interdisciplinary perspective on clinical theory and practice, contributes to new understandings of theory and practice beyond postmodernism. *Beyond Postmodernism: New Dimensions in Clinical Theory and Practice* provides a fresh perspective on the relationship between psychoanalysis and postmodernism and raises new issues for the future. It will be of interest to practicing psychoanalysts and psychologists as well as students interested in psychoanalysis, postmodernism, and philosophy.
