Between Truth And Fiction A Narrative Reader In Literature And Theology:

Between Truth and Fiction David Jasper, Dean of the Divinity Faculty David Jasper, Smith Allen, 2010 The growth of interest in theological hermeneutics alongside the study of critical and literary theory has given rise to a growing sense among students of the need to address the nature of texts and their textuality and the truth claims which they make *Between Truth and Fiction* begins with an extended introduction to textuality and Christian literature with an overview of hermeneutics and question about reading and reception Issues such as intertextuality the relationship between the Bible and other texts in literature theology as story autobiography as theology poetry and proclamation will be addressed Central to the book is the provision of original texts from fiction poetry drama autobiography etc which the reader will be encouraged on reflect on for him or herself The approach of this book is heuristic Full study notes and questions are provided

Between Truth and Fiction David Jasper, 2010 These often unexpected texts offer a provocative invitation to the hermeneutical challenges of the ever changing shape of the literature and theology canon Students will be surprised and delighted by these carefully selected and powerful readings George Newlands Professor Emeritus of Divinity University of Glasgow *The Writer and the Cross* Darren J.N. Middleton, 2022-06-27 Spiritually engaged readers commonly look toward fiction to better understand the depth of a faithful life and Christians are no exception Many followers of Jesus value beautifully written deftly characterized and pulse quickening literary art that seems more satisfying than dry tedious doctrinal textbooks This book surveys 12 pieces of historical fiction that feature notable Christian thinkers They include an illustrated children s book about St Irenaeus of Lyons a novel about Martin Luther s Reformation a screenplay focusing on Dietrich Bonhoeffer and even a story about Pope Francis narrated in popular manga style Rather than arcane literary analyses this book provides thoughtful and sometimes painful interviews with the authors of the covered works Most interviewees are little known or emerging writers Some have published their work with a church or denominational press others with a major publishing empire or popular print on demand platforms Storytellers reflect on their literary choices and the contexts of their writing sharing what modern Christians can learn from historical religious fiction

Borges and the Literary Marketplace Nora C. Benedict, 2021-09-14 A fascinating history of Jorge Luis Borges s efforts to revolutionize and revitalize literature in Latin America Jorge Luis Borges 1899 1986 stands out as one of the most widely regarded and inventive authors in world literature Yet the details of his employment history throughout the early part of the twentieth century which foreground his efforts to develop a worldly reading public have received scant critical attention From librarian and cataloguer to editor and publisher this writer emerges as entrenched in the physical minutiae and social implications of the international book world Drawing on years of archival research coupled with bibliographical analysis this book explains how Borges s more general involvement in the publishing industry influenced not only his formation as a writer but also global book markets and reading practices in world

literature In this way it tells the story of Borges's profound efforts to revolutionize and revitalize literature in Latin America through his varying jobs in the publishing industry Theology, University, Humanities Christopher Craig Brittain, Francesca Aran Murphy, 2011-07-01 This book discusses the relationship between theology and the humanities and their shared significance within contemporary universities Taking up this complex question twelve scholarly authors analyze the connections between theology and philosophy history scholarly literature sociology and law Cumulatively these essays make a case for the importance of reflecting on what binds the humanities and theology together By meditating on ultimate theological questions this book brings the issue of the meaning and purpose of university education into a new light exploring its deep significance for academic pursuits today *Activism and the Literary Self in 20th and 21st-Century Literature* Jeffrey F. Keuss, 2024-12-26 Exploring how Shusaku Endo Ta Nehisi Coates Thomas Merton Marilynne Robinson Cormac McCarthy and Octavia E Butler engage with social justice and activism this book explores the significant role that literature plays in the formation of justice Jeff Keuss foregrounds literature and the role of poetics as both a method and a frame by which justice can not only be understood but uniquely positioned to transform and redeem the moral call on individuals in ways that some recent philosophical and ethical projects do not He examines how these authors are representative of a theme in literature which is the turn to justice as a literary form and discusses how these authors' engagement with activism challenges isolated and anxious models of contemporary selfhood Demonstrating how these writers utilize fiction across different contexts of race gender culture and theological denominations to present themes of justice in communion with others Keuss provides new insights into communal selfhood and shows how we can use this idea to shape our ideas of ethics morality activism and justice **Between Form and Faith** Martyn Sampson, 2021-08-03 What is a Catholic novel This book analyzes the fiction of Graham Greene in a radically new manner considering in depth its form and content which rest on the oppositions between secularism and religion Sampson challenges these distinctions arguing that Greene has a dramatic contribution to add to their methodological premises Chapters on Greene's four Catholic novels and two of his post Catholic novels are complemented by fresh insight into the critical importance of his nonfiction The study paints an image of an inviting yet beguilingly complex literary figure **James Baldwin and the Short Story** Benedict Ushedo, 2018-03-21 This book examines the range of issues that echo in James Baldwin's short stories It articulates and defends the claim that the stories in the collection *Going to Meet the Man* are driven by the autobiographical memory of the author To support this line of thought and the related proposition that the stories feed into themes relevant to self knowledge vicarious suffering love and forgiveness their effectiveness as transformative and revelatory texts is highlighted By drawing on contemporary studies and challenging the view that short stories are no more than miniature pieces merely echoing major works of their authors this book demonstrates that the short story genre can be profoundly forceful and effective in the articulation of complex human issues This study shows also that the humanistic import of the Baldwin stories is amplified by their ability to

accumulate moral tension as they elicit the participation of the reader in an imaginative quest for a better world *The*
