The Celestial River Andrea Stenn Stryer, 1998 Long ago before the lights of cities dimmed our view of the heavens anyone who looked up on a clear night could see the Milky Way The glowing ribbon of light seemed almost close enough to touch It reminded ancient peoples of common things around them a river a road milk or strewn wheat They gave the luminous stream vivid names such as Celestial River Star Filled Basket and Path to the Place of Abundance With these names came remarkable stories of how the Milky Way was formed stories

Skylore from Planet Earth Dayle L. Brown, 2006 The starry night sky has always filled us with wonder Down through the ages we have looked to the skies and have seen images of our heroes gods and monsters Storytellers have illustrated their mythologies and legends with it passing on to future generations the customs of their people Many of these stories have survived to the present In this Skylore from Planet Earth we explore some of the stories about the star cluster PLEIADES Since The Pleiades is located almost directly over the earth's equator people from the entire planet have looked to it for a reminder of their own traditions Fifteen richly illustrated stories take the reader on a trip around the world giving a glimpse into the histories and cultures of the planet's early civilizations Six books in this series will feature other sky phenomena as seen from early cultures around the world Read stories about the constellation ORION available now the planet VENUS our MILKY WAY GALAXY the SUN and the MOON

Religion and the Creation of Race and Ethnicity Craig R Prentiss, 2003-06-01 The original essays in this collection shed light on the role religion and myth have played in the creation of race and ethnic categories When scholars approach religion and race they tend to focus on such issues as how African Americans have expressed Christianity or how Japanese or Mexicans have lived religiously This volume meant specifically for those new to the field offers a different perspective Prominent scholars illuminate the role religious myths have played in shaping those very social boundaries that we call races and ethnicities It asks what part did Christianity play in creating Blackness To what extent was Japanese or Mexican identity itself the product of religious life The text comprised of all original material introduces readers to the social construction of race and ethnicity and the ways in which these concepts are shaped by religious narratives It offers examples from both the U S and around the world exploring these themes in the context of places as diverse as Bosnia India Japan Mexico Zimbabwe and the Middle East The volume helps make the case that any account of the social construction of race and ethnicity will be incomplete if it fails to consider the influence of religious traditions and myths
