

Beyond Loyalty

The Story of a Kibei

by Minoru Kiyota

Translated from the Japanese
by Linda Klepinger Keenan

Beyond Loyalty The Story Of A Kibei

Huping Ling, Allan W. Austin

Beyond Loyalty The Story Of A Kibei:

Beyond Loyalty Minoru Kiyota, 1997-06-01 *Beyond Loyalty* is the powerful and inspiring story of a young man whose life and education were rudely disrupted by the U S government's imprisonment of Japanese Americans during World War II Few Japanese Americans have written so frankly about the humiliation they felt during World War II Moreover Kiyota is perhaps the first renunciant to share publicly the mental anguish that led to and resulted from his decision to relinquish his U S citizenship Further as a kibei nisei one of a small group of Japanese Americans who spent part of their childhood in Japan Kiyota writes from the vantage point of an individual who is at home in two very different languages and cultures Recent events such as the Gulf War have made it all too clear that there is still much to be learned about democracy's treatment of its ethnic minorities By putting a human face on issues of constitutional rights that arise in time of crisis this absorbing account deserves a wide readership *Asian American History and Culture: An Encyclopedia* Huping Ling, Allan W.

Austin, 2015-03-17 With overview essays and more than 400 A Z entries this exhaustive encyclopedia documents the history of Asians in America from earliest contact to the present day Organized topically by group with an in depth overview essay on each group the encyclopedia examines the myriad ethnic groups and histories that make up the Asian American population in the United States *Asian American History and Culture* covers the political social and cultural history of immigrants from East Asia Southeast Asia South Asia the Pacific Islands and their descendants as well as the social and cultural issues faced by Asian American communities families and individuals in contemporary society In addition to entries on various groups and cultures the encyclopedia also includes articles on general topics such as parenting and child rearing assimilation and acculturation business education and literature More than 100 images round out the set [Forgotten Men and Fallen](#)

[Women](#) Holly Allen, 2015-04-03 During the Great Depression and into the war years the Roosevelt administration sought to transform the political institutional and social contours of the United States One result of the New Deal was the emergence and deployment of a novel set of narratives reflected in social scientific case studies government documents and popular media meant to reorient relationships among gender race sexuality and national political power In *Forgotten Men and Fallen Women* Holly Allen focuses on the interplay of popular and official narratives of forgotten manhood fallen womanhood and other social and moral archetypes In doing so she explores how federal officials used stories of collective civic identity to enlist popular support for the expansive New Deal state and later for the war effort These stories she argues had practical consequences for federal relief politics The forgotten man identified by Roosevelt in a fireside chat in 1932 for instance was a compelling figure of collective civic identity and the counterpart to the white male breadwinner who was the prime beneficiary of New Deal relief programs He was also associated with women who were blamed either for not supporting their husbands and family at all owing to laziness shrewishness or infidelity or for supporting them too well by taking their husbands jobs rather than staying at home and allowing the men to work During World War II Allen finds federal policies and

programs continued to be shaped by specific gendered stories most centrally the story of the heroic white civilian defender which animated the Office of Civilian Defense and the story of the sacrificial Nisei Japanese American soldier which was used by the War Relocation Authority The Roosevelt administration's engagement with such widely circulating narratives Allen concludes highlights the affective dimensions of U S citizenship and state formation The Routledge Handbook of Asian American Studies Cindy I-Fen Cheng, 2016-12-08 The Routledge Handbook of Asian American Studies brings together leading scholars and scholarship to capture the state of the field of Asian American Studies as a generation of researchers have expanded the field with new paradigms and methodological tools Inviting readers to consider new understandings of the historical work done in the past decades and the place of Asian Americans in a larger global context this ground breaking volume illuminates how research in the field of Asian American Studies has progressed Previous work in the field has focused on establishing a place for Asian Americans within American history This volume engages more contemporary research which draws on new archives art literature film and music to examine how Asian Americans are redefining their national identities and to show how race interacts with gender sexuality class and the built environment to reveal the diversity of the United States Organized into five parts and addressing a multitude of interdisciplinary areas of interest to Asian American scholars it covers a reframing of key themes such as transnationality postcolonialism and critical race theory U S imperialism and its impact on Asian Americans war and displacement the garment industry Asian Americans and sports race and the built environment social change and political participation and many more themes Exploring people practice politics and places this cutting edge volume brings together the best themes current in Asian American Studies today and is a vital reference for all researchers in the field **Citizens, Immigrants, and the Stateless** Michael R. Jin, 2021-11-16 From the 1920s to the eve of the Pacific War in 1941 more than 50 000 young second generation Japanese Americans Nisei embarked on transpacific journeys to the Japanese Empire putting an ocean between themselves and pervasive anti Asian racism in the American West Born U S citizens but treated as unwelcome aliens this contingent of Japanese Americans one in four U S born Nisei came in search of better lives but instead encountered a world shaped by increasingly volatile relations between the U S and Japan Based on transnational and bilingual research in the United States and Japan Michael R Jin recuperates the stories of this unique group of American emigrants at the crossroads of U S and Japanese empire From the Jim Crow American West to the Japanese colonial frontiers in Asia and from internment camps in America to Hiroshima on the eve of the atomic bombing these individuals redefined ideas about home identity citizenship and belonging as they encountered multiple social realities on both sides of the Pacific **Citizens Immigrants and the Stateless** examines the deeply intertwined histories of Asian exclusion in the United States Japanese colonialism in Asia and volatile geopolitical changes in the Pacific world that converged in the lives of Japanese American migrants Release a Man for Combat Michaela Hampf, 2010 Die etwa 150 000 Frauen die im Zweiten Weltkrieg im Women's Army Corps Dienst taten waren die ersten regulären Soldatinnen

der US Armee Um mannliche Soldaten fur den Kampf freizusetzen arbeiteten sie auch in traditionellen Mannerbereichen etwa als Mechanikerinnen oder Pilotinnen in den USA Afrika Europa und Sudostasien Die Autorin geht den Erfahrungen dieser Frauen nach den militarischen und zivilen Diskursen uber Soldatinnen im Militar und dem Umgang der Armee mit soldatischer Weiblichkeit und weiblicher Sexualitat Anhand von Regierungsdokumenten Kriegsgerichtsprozessen aber auch Selbstzeugnissen Gedichten und Songs zeigt M Michaela Hampf wie umkampft die Konstruktion der Soldatin im Amerika der vierziger Jahre war und bis heute ist

American Inquisition Eric L. Muller, 2007-10-15 When the U S government forced 70 000 American citizens of Japanese ancestry into internment camps in 1942 it created administrative tribunals to pass judgment on who was loyal and who was disloyal In American Inquisition Eric Muller relates the untold story of exactly how military and civilian bureaucrats judged these tens of thousands of American citizens during wartime Some citizens were deemed loyal and were freed but one in four was declared disloyal to America and condemned to repressive segregation in the camps or barred from war related jobs Using cultural and religious affiliations as indicators of Americans loyalties the far reaching bureaucratic decisions often reflected the agendas of the agencies that performed them rather than the actual allegiances or threats posed by the citizens being judged Muller explains American Inquisition is the only study of the Japanese American internment to examine the complex inner workings of the most draconian system of loyalty screening that the American government has ever deployed against its own citizens At a time when our nation again finds itself beset by worries about an enemy within considered identifiable by race or religion this volume offers crucial lessons from a recent and disastrous history

Before Internment Yuji Ichioka, Gordon H. Chang, Eiichiro Azuma, 2006 This book is an anthology of essays by Yuji Ichioka the foremost authority on Japanese American history which studies Japanese American life and politics in the interwar years

In Defense of Internment Michelle Malkin, 2013-01-29 Everything you ve been taught about the World War II internment camps in America is wrong They were not created primarily because of racism or wartime hysteria They did not target only those of Japanese descent They were not Nazi style death camps In her latest investigative tour de force New York Times best selling author Michelle Malkin sets the historical record straight and debunks radical ethnic alarmists who distort history to undermine common sense national security profiling The need for this myth shattering book is vital President Bush s opponents have attacked every homeland defense policy as tantamount to the racist and unjustified World War II internment Bush s own transportation secretary Norm Mineta continues to milk his childhood experience at a relocation camp as an excuse to ban profiling at airports Misguided guilt about the past continues to hamper our ability to prevent future terrorist attacks In Defense of Internment shows that the detention of enemy aliens and the mass evacuation and relocation of ethnic Japanese from the West Coast were not the result of irrational hatred or conspiratorial bigotry This document packed book highlights the vast amount of intelligence including top secret MAGIC messages which revealed the Japanese espionage threat on the West Coast Malkin also tells the truth about who resided in enemy alien internment camps

nearly half were of European ancestry what the West Coast relocation centers were really like tens of thousands of ethnic Japanese were allowed to leave hundreds voluntarily chose to move in why the 1 65 billion federal reparations law for Japanese internees and evacuees was a bipartisan disaster how both Japanese American and Arab Muslim American leaders have united to undermine America s safety With trademark fearlessness Malkin adds desperately needed perspective to the ongoing debate about the balance between civil liberties and national security In Defense of Internment will outrage enlighten and radically change the way you view the past and the present **Free to Die for Their Country** Eric L. Muller,2003-05 One of the Washington Post s Top Nonfiction Titles of 2001 In the spring of 1942 the federal government forced West Coast Japanese Americans into detainment camps on suspicion of disloyalty Two years later the government demanded even more drafting them into the same military that had been guarding them as subversives Most of these Americans complied but Free to Die for Their Country is the first book to tell the powerful story of those who refused Based on years of research and personal interviews Eric L Muller re creates the emotions and events that followed the arrival of those draft notices revealing a dark and complex chapter of America s history
