Beyond Primitivism Beyond Primitivism:

Beyond Primitivism Jacob K. Olupona, 2004-02-24 At a time when local traditions across the world are forcibly colliding with global culture Beyond Primitivism explores the future of indigenous religions as they encounter modernity and globalisation

Perspectives on Method and Theory in the Study of Religion International Association for the History of Religions. Congress, 2000 This volume is the adjunct proceedings on methodology from the XVIIth Congress of the International Association for the History of Religions held in Mexico City in 1995 Taken together the essays present a thorough and coherent perspective on studying religion as an item of human culture

Reaching Beyond Stanley M. Burgess, 2009-07-01 Throughout recorded history mankind has attempted to define perfection This always has been a most perplexing task almost as difficult as attaining perfection once the term has been defined One of the most vexing problems facing the perfectionist has been how to elevate themselves above matter especially the body in order to emulate their god model Reaching Beyond Chapters in the History of Perfectionism highlights the concept of perfection in primitive man in both Old and New Testaments and in a variety of perfectionist individuals and movements throughout Christian history including the Montanists the Medieval Apocalypticist Joachim of Fiore the rationalist Thomas Aquinas a leading Eastern Orthodox mystic St Symeon the New Theologian Calvin and his followers early modern Puritans and later primitivists and the Pentecostals who strive for both purity and preparation In short this book is a study of the human perfectionist impulse and its motivations In certain cases perfectionism is a reaction against limitation inadequacy incompleteness and evil a rejection of comfortable popular religion In other instances perfectionism is a more positive effort a striving after holiness or knowledge a preparation for the parousia or a quest for a return to primitive religious roots

Beyond Exoticism Timothy D. Taylor, 2007-03-05 Study of how systems of power and domination have shaped representations of otherness in music

Beyond Salvation Edmund J. Rybarczyk, 2006-10-01 Despite their historical and cultural differences Eastern Orthodox Christians and Classical Pentecostals share some surprising similarities Both incorporate holistic approaches to Christian spirituality Both manifest an organic approach to ecclesiology Both emphasize that Christianity is not just about being saved Most strikingly both traditions embrace the effective and even mystical dimensions of Christian transformation This study locates both traditions within their cultural and philosophical meta contexts and suggests avenues of mutual understanding No longer can these two groups representing ancient and recent Christian expressions afford to be strangers

Philosophy Beyond Spacetime Christian Wüthrich, Baptiste Le Bihan, Nick Huggett, 2021-08-26 Quantum gravity seeks a unified theory in which quantum matter is dynamically related to generally relativistic spacetime Although a continuing work in progress research programmes in the field such as string theory loop quantum gravity and causal set theory make it clear that a successful theory of quantum gravity will raise important challenges to our conceptions of space time and matter perhaps abolishing them altogether as fundamental entities But just as important there is good reason to think that some of the

problems in finding a theory of quantum gravity are themselves conceptual in need of philosophical analysis Philosophy Beyond Spacetime Implications from Quantum Gravity assembles original papers from philosophers and one physicist establishing a definitive statement of the current state of play on which future research into this area can build Aiming to expand knowledge and understanding of the philosophy of quantum gravity it emphasizes how debates in metaphysics regarding emergence composition or grounding for example shed light on the conceptual questions of quantum gravity And conversely how quantum theories of space and time call into question philosophical views grounded in classical spacetime Furthermore the philosophy of quantum gravity raises methodological questions for instance concerning the relation between physics and metaphysics The essays have been chosen to demonstrate to a wide range of philosophers the significance of the subject as well as making novel contributions to it **From Primitive to Indigenous** James L.

Cox,2016-04-22 The academic study of Indigenous Religions developed historically from missiological and anthropological sources but little analysis has been devoted to this classification within departments of religious studies Evaluating this assumption in the light of case studies drawn from Zimbabwe Alaska and shamanic traditions and in view of current debates over primitivism James Cox mounts a defence for the scholarly use of the category Indigenous Religions **Religion**

beyond its Private Role in Modern Society Wim Hofstee,A. van der Kooij,2013-09-12 The volume Religion beyond its Private Role in Modern Society aims at contributing to the debate on the distinction between public and private spheres with regard to the role of religion in modern societies This issue which is inherent to many conceptions regarding social order modernity freedom of conscience and the changing role and function of religion is discussed not only from a social scientific but also from a historical and philosophical point of view The articles dwell on several aspects of the role of religion in different societies in modern times and the overall theme is explored from the perspective of various religious traditions and groups both institutional and non institutional It turns out that the distinction made is difficult to maintain Contributors include Bart Labuschagne Linda Woodhead Niek Brunsveld Dick Douwes Mohammed Ghaly Heleen Murre van den Berg David Novak Alexandros Sakellariou Matthew Tennant Bruno Verbeek Ernestine G E van der Wall William Arfman Stef Aupers Jeroen Boekhoven Meerten B ter Borg and Kees de Groot **Beyond the Romantic Spirit 1880-1922** Nancy

Bachus,Daniel Glover,2003 Early intermediate to late intermediate piano solos reflecting society style and musical trends at the turn of the 20th century Cover of bk 1 **Plato's Philosophy Reaching Beyond the Limits of Reason** Harald

Haarmann,2017-02-01 Platon z hlt zu den einflussreichsten Philosophen aller Zeiten Er beeinflusste ma geblich Profil und Kanon der westlichen Philosophie Die Kritik am sogenannten Platonismus wurde kontinuierlich von den Schwierigkeiten gespeist die die Interpretation der philosophischen Schriften Platons bereitet Gemeinhin wird er als rein rationaler Philosoph gesehen Ein Philosoph war er in der Tat ebenso jedoch ein Experte in der Ann herung an das Nicht Rationale unter anderem in Form von Mythen So wurde er auch als Mythenerfinder und Mythologe bezeichnet Platon war ein Vision r der es wagte

das Reich des Nicht Rationalen auf systematische und disziplinierte Art zu erforschen Insgesamt lässt sich Platons philosophisches Vorhaben als Streben nach einer umfassenden Sicht des organischen Ganzen klassifizieren Der Ausdruck Gestalt scheint die Ganzheit am ehesten zu beschreiben Platon kann als prominentester und auch als letzter Repräsentant der antiken Philosophie angesehen werden der die Entwicklung einer Gestalt Philosophie anstrebte Plato is one of the most influential philosophers of all time He decisively shaped the profile and canon of western philosophy Criticism of what has become known as Platonism has been continuously nourished by the difficulties of interpreting this philosopher's writings Plato is commonly viewed as a purely rational philosopher A philosopher he was indeed but Plato was also an expert in approaching the non rational in the form of mythology among others Plato has been called a mythmaker and a mythologist Plato was a visionary who dared to explore the realm of the non rational in a systematic and disciplined way In an overall comparison Plato's philosophical enterprise strives for a comprehensive perspective on the organic whole The expression Gestalt seems to come closest to describing the wholeness Plato may be considered to be the most prominent representative of classical philosophy to develop a Gestalt philosophy and also the last to do so in antiquity
