COUNSELING IN THE

REHABILITATION PROCESS Gerald L. Gandy, E. Davis Martin, Richard E. Hardy, 1999-01-01 This text represents a complete revision and update that provides the reader with a comprehensive overview and introduction to the field of rehabilitation counseling and services but also has applicability to the growing field of community counseling Part One the introductory section discusses and describes the basic foundations of the rehabilitative process Part Two the rehabilitation process provides the reader with an insightful appreciation and understanding of the rehabilitation process In Part Three the counseling and psychosocial aspects of disability are traced from multiple points of view both theoretical and practical and psychodynamic Adlerian rational emotive behavioral and Gestalt perspectives are explored and examined The final section discusses special topics in rehabilitation appropriate for an introductory textbook but more suitable for an in depth examination The book's revisions include in part a greatly expanded chapter on the foundations of rehabilitation as well as a new historical aspects chapter Educational considerations have been expanded and incorporated into a chapter on the development of the rehabilitation counseling discipline Material on the rehabilitation process and occupational analysis and placement has been reorganized and includes new material on job development and placement New material has been included on counseling credentialing and substance use disabilities and material on international and multicultural perspectives has been reorganized and updated This outstanding text will be particularly useful in graduate introductory rehabilitation or community counseling courses and may be readily adaptable to undergraduate courses as well Additionally the book will be a very useful resource for rehabilitation or community counselor practitioners *A Quality of Life Approach*

to Career Development Geoffrey Peruniak, 2010-04-02 Career development the processes that shape a person's career over his or her life is a relatively new field of research in applied psychology In *A Quality of Life Approach to Career Development* Geoffrey S Peruniak draws from philosophy sociology literature anthropology psychology political science and economics to form a new holistic approach to career development that extends beyond paid work to include all aspects of life Emphasizing that a person is a whole entity rather than a role or category Peruniak also explores nature and the place of community in relation to career development theories A highly original text with broad theoretical appeal to several disciplines *A Quality of Life Approach to Career Development* also includes exercises and case studies Most importantly this book provides a new approach that will complement more specialized methods and serve as a foundation for further study in the field

Discriminate Or Diversify Enrique Ruiz, 2009-02-07 The science with respect to culture ethnicity personality and other discriminating facets of human beings are discussed in an honest fashion with a touch of poignant reality The principles shared enhance communications within the home our businesses and our communities With increased understanding we will appreciate ourselves better building stronger more sustainable relationships The book is divided in three sections which cover Discrimination Diversity and Inclusion spanning many physical mental and psychological traits It is a practical reference book that is fit for every boardroom schoolroom meeting room and family room *Principles and Practices of*

Case Management in Rehabilitation Counseling E. Davis Martin, 2007 This second edition is a major revision and update of *Rehabilitation and Disability Psychosocial Case Studies* The role and function of the rehabilitation counselor is described relative to the principles and practices of case management in the vocational rehabilitation process The first chapter describes landmark legislation that has ensured the human and civil rights of persons with disabilities The author relates changes to those of the consumerism movement as persons with disabilities move from passive recipients of services to active participants capable of steering their own future choosing their jobs and environments Assessment as a best practice has expanded from being agency oriented to being person oriented In addition to the use of best practices the author advocates the use of best values to serve as the decision making foundation for the application of best practices Values can be the standards that guide the entire rehabilitation service delivery process including the formulation of objectives the search for alternatives and the choices among them The goal is for the client to realize the American Dream The first two parts of the text provide a person based philosophy and a substantial knowledge base in case management and the thirteen case studies in the third part allow the reader to investigate the use of best practices and best values in case management An outstanding group of contributors was selected to author various chapters Their collective achievements have included agency executive leadership university professorships and consultative activities at the state national and international levels Each contributor as well has made significant scholarly contributions to the rehabilitation literature While the text was developed primarily for use in graduate rehabilitation counseling programs it has great utility for related academic programs in allied health psychology social sciences and special education The text also has practical value for in service and short term training anywhere that the vocational rehabilitation process can be facilitated from a client centered perspective A Working Life for People with Severe Mental Illness Deborah R. Becker, Robert E. Drake, 2003-06-12 Supported employment is a conceptual approach to vocational rehabilitation designed for people with developmental disabilities The Individual Placement and Support IPS method described within utilizes the concept but modifies it for the severely mentally ill **The Strengths Model** Charles A. Rapp, Richard J. Goscha, 2011-10-31 Presenting a compelling alternative to the traditional medical approach The Strengths Model demonstrates an evidence based approach to helping people with a psychiatric disability identify and achieve meaningful and important life goals Since the first edition of this classic textbook appeared the strengths model has matured into a robust vision of mental health services Both a philosophy of practice and a specific set of tools and methods the strengths model is designed to facilitate a recovery oriented partnership between client and practitioner This completely revised edition charts the evolution of the strengths model reviews the empirical support behind it and illustrates the techniques and values that guide its application Features new to this edition An extensive update of the strengths literature focusing on recovery as the dominant paradigm in mental health services Richly drawn case vignettes demonstrating the application of methods Integration of empirical research and consumers own experiences Completely

updated strengths assessment and fidelity scales In depth discussions and examples guide practitioners from theory to applied practice Descriptions of how to teach and successfully supervise large scale implementations of strengths model work For social workers and other mental health specialists working with clients to move beyond the disabling effects of mental illness to a life filled with meaning purpose and identity this remains the crucial text The Strengths Model: Case Management with People with Psychiatric Disabilities Charles A. Rapp, Richard J. Goscha, 2006-02-10 Much has occurred since the publication of the first edition of this classic textbook Recovery from psychiatric disabilities has become the new vision for mental health services It has placed a new eminence on consumer resiliency choice self determination shared decision making and empowerment Implementing evidence based services has become a major focus of service system reform internationally The Strengths Model Second Edition firmly grounds the strengths model of case management within the recovery paradigm and details evidence based guidelines for practice In clear language the authors describe the conceptual underpinnings theory empirical support principles and practice methods that comprise the strengths model of case management A chapter on the organizational structure and management methods necessary for successful implementation of the model make this a valuable tool for trainers supervisors and quality assurance personnel This thoroughly updated edition reflects the dynamic nature of the strengths model Practice methods have been added and refined and more detailed descriptions provided Practice tools have been improved and new ones like the Strengths Model Fidelity Instrument added New case vignettes have been added to give the reader a vivid picture of the methods in actual practice A user friendly guide for students and professionals The Strengths Model remains the only book available that systematically translates the ideas and conceptions about the strengths model into a set of empirically derived practices for people with psychiatric disabilities
