Arguing Euthanasia Arguing Euthanasia:

Arguing Euthanasia Jonathan Moreno, 1995-10 The proliferation of life prolonging technology in recent years has made the controversy over the right to die and physician assisted suicide one of the most explosive medical and ethical issues of our day Dr Jack Kevorkian's suicide machine has commanded front page coverage for several years while in 1994 Oregon passed a measure allowing the terminally ill to obtain lethal prescriptions for suicide and other states have placed similar proposals on their ballots

Practical Decision Making in Health Care Ethics Raymond J. Devettere, 2009-12-04 For nearly fifteen years *Practical Decision Making in Health Care Ethics* has offered scholars and students a highly accessible and teachable alternative to the dominant principle based theories in the field Devettere's approach is not based on an ethics of abstract obligations and duties but following Aristotle on how to live a fulfilled and happy life in short an ethics of personal well being grounded in prudence the virtue of ethical decision making This third edition is revised and updated and includes discussions of several landmark cases including the tragic stories of Terri Schiavo and Jesse Gelsinger the first death caused by genetic research Devettere addresses new topics such as partial birth abortion law embryonic stem cell research infant euthanasia in The Netherlands recent Vatican statements on feeding tubes organ donation after cardiac death new developments in artificial hearts clinical trials developed by pharmaceutical companies to market new drugs ghostwritten scientific articles published in major medical journals and controversial HIV AIDS research in Africa This edition also includes a new chapter on the latest social and political issues in American health care Devettere's engaging text relies on commonsense moral concepts and avoids academic jargon It includes a glossary of legal medical and ethical terms an index of cases and thoroughly updated bibliographic essays at the end of each chapter that offer resources for further reading It is a true classic brilliantly conceived and executed and is now even more valuable to undergraduates and graduate students medical students health care professionals hospital ethics committees and institutional review boards and general readers interested in philosophy medicine and the rapidly changing field of health care ethics

New Directions in the Ethics of Assisted Suicide and Euthanasia Michael Cholbi, Jukka Varelius, 2023-03-03 This book provides novel perspectives on ethical justifiability of assisted dying in the revised edition of *New Directions in the Ethics of Assisted Suicide and Euthanasia* Going significantly beyond traditional debates about the value of human life the ethical significance of individual autonomy the compatibility of assisted dying with the ethical obligations of medical professionals and questions surrounding intention and causation this book promises to shift the terrain of the ethical debates about assisted dying The novel themes discussed in the revised edition include the role of markets disability gender artificial intelligence medical futility race and transhumanism Ideal for advanced courses in bioethics and healthcare ethics the book illustrates how social and technological developments will shape debates about assisted dying in the years to come

Why We Argue (And How We Should) Scott F. Aikin, Robert B. Talisse, 2018-09-03 *Why We Argue And How We Should* A Guide to Political Disagreement

in an Age of Unreason presents an accessible and engaging introduction to the theory of argument with special emphasis on the way argument works in public political debate The authors develop a view according to which proper argument is necessary for one's individual cognitive health this insight is then expanded to the collective health of one's society Proper argumentation then is seen to play a central role in a well functioning democracy Written in a lively style and filled with examples drawn from the real world of contemporary politics and questions following each chapter to encourage discussion Why We Argue And How We Should reads like a guide for the participation in and maintenance of modern democracy An excellent student resource for courses in critical thinking political philosophy and related fields Why We Argue And How We Should is an important contribution to reasoned debate What's New in the Second Edition Updated examples throughout the book including examples from the 2016 U S election and first years of the Trump presidency Expanded coverage of dialectical fallacies including coverage of new types of fallacies and of sites where such fallacies thrive e g cable news social media Revised For Further Thought questions and definitions of Key Terms included at the end of each chapter The addition of five new chapters Deep Disagreement Argument by Analogy Argument between the Ads The Owl of Minerva or weaponizing metalanguage Argumentative Responsibility and Repair

A Workbook for Arguments David R. Morrow, Anthony Weston, 2019-11-18 David Morrow and Anthony Weston build on Weston's acclaimed A Rulebook for Arguments to offer a complete textbook for a course in critical thinking or informal logic Features of the book include Homework exercises adapted from a wide range of actual arguments from newspapers philosophical texts literature movies YouTube videos and other sources Practical advice to help students succeed when applying the Rulebook's rules Suggestions for further practice that outline activities students can do by themselves or with classmates to improve their critical thinking skills Detailed instructions for in class activities and take home assignments designed to engage students in critical thinking An appendix on

mapping arguments a topic not included in the Rulebook that introduces students to this vital skill in evaluating or constructing complex and multi step arguments Model responses to odd numbered exercises including commentaries on the strengths and weaknesses of selected model responses as well as further discussion of some of the substantive intellectual philosophical and ethical issues raised by the exercises The third edition of Workbook contains the entire text of the recent fifth edition of the Rulebook supplementing this core text with extensive further explanations and exercises Updated and improved homework exercises ensure that the examples continue to resonate with today s students Roughly one third of the exercises have been replaced with updated or improved examples A new chapter on engaging constructively in public debates including five new sets of exercises trains students to engage respectfully and constructively on controversial topics an increasingly important skill in our hyper partisan age Three new critical thinking activities offer further opportunities to practice constructive dialogue

Handbook of Death and Dying Clifton D. Bryant, 2003-10 Dying is a social as well as physiological phenomenon Each society characterizes and consequently treats death and dying in its own individual ways ways that differ markedly These particular patterns of death and dying engender modal cultural responses and such institutionalized behavior has familiar economical educational religious and political implications The Handbook of Death and Dying takes stock of the vast literature in the field of thanatology arranging and synthesizing what has been an unwieldy body of knowledge into a concise yet comprehensive reference work This two volume handbook will provide direction and momentum to the study of death related behavior for many years to come Key Features More than 100 contributors representing authoritative expertise in a diverse array of disciplines Anthropology Family Studies History Law Medicine Mortuary Science Philosophy Psychology Social work Sociology Theology A distinguished editorial board of leading scholars and researchers in the field More than 100 definitive essays covering almost every dimension of death related behavior Comprehensive and inclusive exploring concepts and social patterns within the larger topical concern Journal article length essays that address topics with appropriate detail Multidisciplinary and cross cultural coverage

Summary of A. C. Grayling's The God Argument Everest Media, 2022-05-10T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The major reason for the continuance of religious belief in a world that might otherwise have long moved beyond it is indoctrination of children before they reach the age of reason along with all or some combination of social pressure to conform social reinforcement of religious institutions and traditions emotion and ignorance 2 The distinction between religions and philosophies is important religions are centered around belief in worship of and obedience to a deity or deities while philosophies do not involve any of those things 3 All religions are superstitious but not all superstitious people are religious To generalize most Chinese people are not religious but they are very superstitious 4 A religion is defined as a belief in the existence of a god or gods and other beings outside of the universe who are connected to it in some significant way The relation of these beings to the universe is significant

Ethics: Theory and Practice Y. V.

Satyanarayana,2009 Ethics is a part of philosophy that is concerned with living well and choosing the right course of action The choice of the course of action is based on moral reasoning and there is no single moral theory on which we can base the choices that we make The application of moral standards in life is also the concern of Ethics Theory and Practice which deals with moral theories in Indian and Western philosophical traditions as well as the debates that centre around their application The book has ten chapters the first chapter presents what morality and moral reasoning is the second chapter is a critical survey of some popular concepts of Indian ethics the third chapter surveys Western moral theories and the remaining seven chapters cover a variety of contemporary moral issues that are controversial as well as inescapable They deal with issues like capital punishment civil disobedience euthanasia and women s rights
