Dear Customer:

Help your watch jewelry retailer protect our environment by properly recycling the broken cell battery in your watch. Professional jewelers and watch retailers are best equipped to replace the battery in your watch without damage to the watch case and movement inside. They have the specialized tools and experience to do the job right. Inexperienced people can ruin the case and damage the water resistant seal-making your warranty void.

It is important to recycle your watch battery in an environmentally safe way. There is no danger to you or your watch from the mercury because it is in the sealed battery. But you need to recycle your watch battery properly. Your professional watch jewelry retailer is the best person to do this for you. These professionals collect used batteries and recycle them through licensed waste management companies.
