Beat Failure Power Self Imagination Bomb:

The Beats Ann Charters,1983 **The End of the World** Ulrich H. J. Körtner,1995-01-01 In this book Ulrich Kortner addresses the issue of apocalyptic anxiety by offering a theological and philosophical evaluation of the apocalyptic In particular Kortner looks at how theology responding in pastoral sensitivity should deal with apocalyptic fears and anxieties Kortner concludes that real meaning and hope for the world is possible only after the world s inhabitants deal constructively with the stark reality of the world s end **German National Socialism and the Quest for Nuclear Power, 1939-49** Mark Walker,1992-12-17 This a paperback edition of Professor Walker s full scale examination of the German efforts to harness the economic military and political power of nuclear fission between 1939 and 1949 The book explains clearly in terms that the non specialist can understand what was involved in the Germans quest and in what ways the German scientists succeeded or failed in the development of the bomb **Blackhood Against the Police Power** Tryon P. Woods,2019-06-01 Both significant and timely Blackhood Against the Police Power addresses the punishment of race and the disavowal of sexual violence central to the contemporary post racial culture of politics Here the author asserts that the post racial presents an antiblack animus that should be read as desiring the end of blackness and the black liberation movement s singular ethical claims The book redefines policing as a sociohistorical process of implementing antiblackness and in so doing redefines racism as an act of sexual violence that produces the punishment of race It smartly critiques the way leading antiracist discourse is frequently complicit with antiblackness and recalls the original 1960s conception of black studies as a corrective to the deficiencies in today s critical discourse on race and sex The book explores these lines of inquiry to pinpoint how the history of racial slavery wraps itself in a new discourse of disavowal In this way Blackhood Against the Police Power responds to a range of texts policies practices and representations complicit with the police power from the Fourth Amendment and the movements to curtail stop and frisk policing and mass incarceration to popular culture treatments of blackness to the leading academic discourses on race and sex politics **Strategy and Nuclear Deterrence** Steven E. Miller,2014-07-14 This book of selections from the distinguished journal International Security speaks to the most important question of our age the deterrence of nuclear war Originally published in 1985 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
