

In 1995, "COMPANY NAME" made its mark on the aviation world, beginning with the Emirates Airline Engineering Store. Despite being a small design and build project, its accomplishment led "COMPANY NAME" to be awarded the largest project ever commissioned by Emirates Airline – the Emirates New Technical Centre, which was valued in excess of AED 150 million. The expansion of Dubai Airport for Dubai Civil Aviation gave "COMPANY NAME" its first exposure to an international project management group, International Bechtel Inc. Valued at approximately AED 450 million, "COMPANY NAME"'s diverse airport work has played a key role in the company's expansion and its rise to the top of the construction field in Dubai.

In 1992, "COMPANY NAME" expanded into the villa sector with the Al Garhoud Residential Complex. This was soon followed by a number of other villa projects, including in 2001, "COMPANY NAME"'s first villa contract for Emaar, which marked the beginning of a permanent relationship that continues to this day. All of these projects were completed to high standards, handed over on, or ahead of time and have led to the creation of a new division called "COMPANY NAME" Living, which marked a key milestone in the expansion and growth of the company. This division boasts a workforce in excess of 13,000 labor and staff, as well as state-of-the-art plant and equipment.

The high-rise buildings synonymous with Dubai's skyline have also proved a fertile ground for "COMPANY NAME"'s growth.

Today, "COMPANY NAME" is one of the leading contractors in this field. As early as 1976, the company made its first foray into high-rise construction with the 17-storey Pearl Building. Fourteen years later, the company re-entered the field with the construction of the 22-storey Lagoon Tower in Sharjah.

This was followed by the Mansour Tower in Abu Dhabi, the Fairmont Hotel project 1997, the Lexus Tower for Majid Al Futtaim Group in 1999, and the 21st Century Tower for Rostamani Real Estate in 2001. After its completion in 2003, the 55-floor 21st Century Tower was identified among the world's tallest skyscrapers and as the tallest residential building in the world.

"COMPANY NAME" continues to play a major role in redefining the skyline of Dubai. In conjunction with Samsung and Six Construct, it was involved in the construction of the world's tallest building, the Burj Khalifa, which stands 828 metres tall. Nearby, the Burj Lake Hotel, now called the Address Hotel, has recently been completed, in a joint venture with Six Construct. This earned recognition in the world as The New Hotel of 2008.

With our diverse projects as well as international recognition, we continue to demonstrate our commitment towards the company's vision to be the leading provider of quality construction and engineering services in the Middle East, North Africa and across the globe.
