

Hemorrhoids Grades

Grade 1	Grade 2	Grade 3	Grade 4
Small hemorrhoids remain inside the rectum and don't usually cause symptoms.	Hemorrhoids may protrude during bowel movements but retract on their own. This can lead to discomfort and potential complications if untreated.	Prolapsed hemorrhoids require manual repositioning and are uncomfortable. If left unaddressed, they can progress to grade four.	These hemorrhoids are constantly prolapsed and may remain outside the anus, causing significant discomfort and increasing the risk of complications.
