Andreas Faber Kaiser:

Andreas Faber-Kaiser Ignasi Puig Alemán, 2011 *Fakes, Forgeries, and Fictions* Tony Burke, 2017-05-31 *Fakes Forgeries and Fictions* examines the possible motivations behind the production of apocryphal Christian texts. Did the authors of Christian apocrypha intend to deceive others about the true origins of their writings? Did they do so in a way that is distinctly different from New Testament scriptural writings? What would phrases like "intended to deceive" or "true origins" even mean in various historical and cultural contexts? The papers in this volume, presented in September 2015 at York University in Toronto, discuss texts from as early as second-century papyrus fragments to modern apocrypha such as tales of Jesus in India in the nineteenth century. Life of Saint Issa. The highlights of the collection include a keynote address by Bart Ehrman, "Apocryphal Forgeries: The Logic of Literary Deceit" and a panel discussion on the Gospel of Jesus Wife reflecting on what reactions to this particular text, primarily on biblioblogs, can tell us about the creation, transmission, and reception of apocryphal Christian literature. The eye-opening papers presented at the panel caution and enlighten readers about the ethics of studying unprovenanced texts, the challenges facing female scholars both in the academy and online, and the shifting dynamics between online and traditional print scholarship.

Mysteries of the Tayos Caves Alex Chionetti, 2019-12-10. A detailed examination of the controversial expeditions to the Tayos Cave complex in Ecuador and the treasures glimpsed in its depths. Reconstructs the expeditions from the 1960s and 70s, including the Mormon Church's search for lost tablets, Stanley Hall's quest with Neil Armstrong, and sightings of a metal library, books of gold, copper plates, and a quartz sarcophagus. Includes photos from the author's own dangerous expeditions to the Tayos Caves. Explores connections to Atlantis, ancient astronauts, and the hollow Earth theory, and the possibility of tunnel networks that extend from the Rocky Mountains to Patagonia. The Cuevas de los Tayos is a cavern complex in the Amazon rain forest of Ecuador. Named for the tayos, the oil birds that reside within them, these caves have countless enigmas connected with them, from the discovery of inexplicable architectural details to claims of curses and treasures to dangerous encounters with the indigenous people, the Shuar, for whom the caves are sacred. Sharing his more than 30 years of research into the Tayos Caves, as well as his own explorations, Alex Chionetti examines the legends and mysteries associated with this site and the explorers who have ventured within. He details the discovery of the Tayos Cave complex by Hungarian explorer Janos Juan Moricz in the 1960s, including Moricz's claims of finding a metal library with books of gold. Exploring the oral tradition of the Shuar, he explains how this region was the possible origin of Incan culture and the legend of El Dorado. The author shares his own dangerous explorations within the Tayos Caves and drawing on unpublished interviews with speleologist Julio Goyón Aguado, he reconstructs the expeditions of the 1960s and 70s, revealing the Mormon Church's search for lost tablets, a British army incursion, and sightings of paintings, gold statues, and skeletons, copper plates, and a quartz sarcophagus, treasures akin to the Crespi treasure. The author also shares details from Stanley Hall's suspicious expedition in 1976, which included astronaut Neil Armstrong. Investigating the

lost civilizations behind the Tayos treasures Chionetti explores the possible connections to Atlantis aliens Ancient Astronauts and the Hollow Earth theory the caves links with hermetic societies and claims of tunnel networks that extend thousands of miles through both American continents from the Rocky Mountains to Patagonia Sharing a real life adventure story wilder than an Indiana Jones plot the author shows that Earth's ancient past has many secrets waiting to be uncovered The Messianic Apostasy Colin E Davis,2022-01-06 The Messianic Apostasy A Synopsis of the Historical Deviation of Pauline Orthodoxy provides a reappraisal of early Pauline theology in the context of 1st century Palestine and the Hellenistic world in which Paul lived This scholarly text examines the heretical elements within St Paul's theology in the context of his contemporary Judaism and how the early Christian church of the first three centuries of the Common Era drew its influences from him Theological scholar Colin E Davis investigates the philosophical and religious zeitgeist of the period and Paul's eventual development of the concept of his Christ figure along possible Nazarean lines **Secret Tomb Omega** Michael Raphael Thomas,2021-04-11 The honeymoon with Jesus was very short lived though being differently viewed by his family for his religious beliefs his life soon became a living hell The resulting emotional torment led to involvement in Satanism as well as occultism and finally several suicide attempts There was also increasing drug use through the 1980's But along the way he discovered some key stepping stones to an eventual escape from the false belief system the Book of Enoch the Kebra Nagast and a book in the Salem Library called Jesus Died in Kashmir This led him to seriously rethink religious beliefs that had strongly been held for over a decade leading to final liberation Life continues to be an ongoing adventure challenge but without the unnecessary baggage of a delusional belief system Saint Paul, Jesus Christ and Christianity Jesus Humberto Enriquez Rubio MD,2014-07-16 The Catholic religion is a captivating institution which was built on the basis of touching beautiful legends Since ancient times it has been managed by individuals who dedicate their entire life and time to maintaining and spreading this religion which has become deeply rooted in western world family life Each new family member is born grows and is educated according to Catholic moral and dogmas which thus represents the only natural way to perceive the world both with regard to human and supernatural phenomena Persons raised and educated in this manner are unable to find and discover on their own account the truth with regard to God They keep the doors of knowledge tightly shut thus preventing other perceptions and possibilities from entering although their religion is merely a beautiful legend that is very far from reality The Catholic Religion has prevailed over the last two millennia thanks to the work and testimony represented by the austere lifestyle of an army of nuns and priests who not only are they excluded from a payroll but also engage in collecting funds all around the world These funds continue to increase the wealth found in Vatican chests thus increasing its financial power as well as its political and economic influence Such is the source feeding the power of the Roman Empire of the west which is still alive and exercising its functions This is where the church obtains such absolute power infallibility and sanctity as the Divine Caesar it represents The church's garments lavishness display of power as well

as the gold exhibited in its quarters are a representation of the Roman Empires power This is entirely contradictory to the humility shown by the Virgin Mary and Joseph her chaste husband a story which the church itself has spread You neednt words to understand this you only need to closely appreciate the cover in this book **Eyewitness to the Gods** Erich von Däniken,2025-09-12 The father of the ancient alien theory with more than 65 million books sold reveals everything he has withheld for years In all his years of service why didn t Erich von D niken ever doubt his theory that inhabitants of other planets had come into contact with humanity ages ago and that they still observe us today How could von D niken in all these years say firmly that the UFO phenomenon is real and that people are being abducted by aliens Why does he repeatedly criticize the official historiography and our religions and thus accept scorn and hostility The answers to these questions are Because Erich von D niken spoke to people who supported his theories Because people who saw UFOs or were kidnapped by aliens trusted him And because experts and insiders inaugurated secrets known to only a few people In this book the now 81 year old presents selected eyewitnesses and insiders for the first time reveals secrets and stories that he has hitherto kept private and presents reports and revelations that leave one speechless **Prohibited Knowledge** Miguel

Pedrero,2020-08-04 There is a forbidden knowledge or cursed that is elbowing its way Although large academic institutions and political and financial power try to stop it committed prepared and enlightened women and men are bringing it to light in schools laboratories archaeological campaigns or historical studies In this book the reader will discover among many other destabilizing issues that Eminent microbiologists and astrophysicists defend that our DNA is artificial and we are probably the creation of an alien civilization There is remarkable evidence that beings from other worlds visited us in the remote past being taken by gods The traditions and sacred books of various religions including the Judeo Christian describe contacts with extraterrestrials On Earth other humanities lived in a remote past On the face of our planet there were disappeared civilizations with enormous technological development long before the Egyptian and the Sumerian Scientists already have proof that life exists after life It is fully accepted that there are countless parallel universes where life forms can exist The UFO phenomenon constitutes proof that these dimensional intelligences have been with us since the beginning of time

¿CÓMo Es Dios? y ¿QuÉ Es el Hombre? Dr.Jesus Humberto Enriquez Rubio,2014-05-23 This is Book No 3 as well as the last book in the collection untitled WHAT IS THERE BETWEEN GOD AND MAN This series represents the fifty years of my life I dedicated to search and investigate literature in order to find everything I could about God and his relationship with man Throughout these years I worked with an open mind putting aside all paradigms and biases and I discovered very interesting things that led me to a number of conclusions that were surprising even for me I found out for instance that Jesus Christ is the result of a legend created by Saul of Tarsus Saint Paul almost three hundred years before Emperor Constantine I the Great adopted Christianity as the official religion of the Roman Empire I also learned that the divinity of Jesus Christ was agreed upon at the Council of Nicaea in the year 325 A D being promoted and agreed to by the emperor Christianity became the property of the empire and one hundred years afterwards the Roman Empire became property of the Catholic Church with the pope as leader The pope performs the functions of Roman Emperor to this date I also discovered that the church worships three gods Jesus Christ who is a legend in itself Jehovah because the whole Bible is a book that talks about him and his relationship with Judaism and God the almighty father Christianity confuses and mixes these three gods I also found out that the act of consecration during mass represents the sacrifice and dismembering of Jesus Christ as an offering to Jehovah and that all Catholics are happy with this crime because Jesus Christ upon being sacrificed gets rid of all the sins committed by everyone present The assembly finishes by eating his flesh and drinking his blood similar to a voodoo ceremony or to an act of cannibalism There are many other things you should take the time to consider
