## **Breaking The Code Of Project Management:**

Breaking the Code of Project Management A. Laufer, 2016-04-30 This new classic is an examination of how to refigure project management to be more efficient and effective particularly in terms of leadership Using a case study approach the author Alex Laufer presents a specific set of guidelines on how to improve the team approach to any project be it a new airline jet or an IT project

**Project Management by ICB4 - IPMA** Bert Hedeman, Roel Riepma, 2023-09-21 IPMA observes an increasing number and importance of projects in business public and people's lives also known as projectification In the world of globalisation an increasing number of organisations are working project based to cope with the challenges of modern times Especially now society is on the brink of such significant changes as global warming and artificial intelligence Projects drive the development of new products and services expansions new capabilities implementation of new strategies and new generations of infrastructure and major maintenance and upgrade of existing facilities and infrastructure This book provides a knowledge base for developing individual competencies for managing projects as described in the IPMA Individual Competence Baseline version 4 which encompasses Perspective competencies People competencies Practice competencies As projects become increasingly important we must continue to realise that projects begin and end with people and that their competent performance within the broader context of the environment is at the heart of any successful project In this book theories and practices for all ICB4 competencies are described They are logically sequenced explained and enriched with practical approaches which can be learned and applied in the daily project management practice As such it aligns entirely with IPMA's vision to strengthen competence across society to enable a world in which all projects succeed This book also supports obtaining an IPMA certificate as proof of your competence in projects

*Courseware for IPMA Individual Certification based on Project Management by ICB4* Bert Hedeman, Roel Riepma, 2024-09-23

html body data-pb style BLUCCCS justify content flex start display flex flex-direction column background-position left top background-size cover background-repeat no-repeat background-attachment scroll This Courseware for IPMA Individual Certification contains the slides for the various IPMA training courses It includes slides for all the learning objectives as described in the textbook *Project Management by ICB4* and the Preparation Guide for IPMA Individual Certification It follows the same structure as this textbook and preparation guide Each IPMA Member Association independently determines which learning objectives are required at the different IPMA levels Custom slide decks are available online on request These will then correspond to the learning objectives they set per level It is recommended that the courseware be combined with the textbook and preparation guide This provides optimal preparation for the exams The slides provide an ideal overview of the characteristics and essence of each learning objective This courseware contains about 430 informative slides for all levels An extensive team of IPMA trainers and project managers has reviewed these slides We wish you every success in your projects and in preparing for your exam

**The Synergy of Business Theory and Practice** Alkis Thrassou, Demetris Vrontis, Yaakov Weber, S. M. Riad Shams, Evangelos Tsoukatos, 2019-08-07 The lack of congruence between theory and practice in business remains a widely discussed topic This lack of synergy is quietly and elusively becoming the Achilles heel of contemporary scholarly business research and by extension of business in general Focusing on the deviation of means and ends between business theory and practice this book comprises thirteen chapters which present an array of theoretical and geographical contexts and aim to bring scholarly thinking and scientific analysis together with managerial rationale and practical applications Presenting valuable insights and demonstrating an equalised perception of the theorisation of practice and reversely the practicality of theory this innovative book signifies a new philosophy of scientific work and provides thought provoking reading for scholars in a range of business sub disciplines
