A Simplicity Revolution Finding Happiness In The New Reality:

A Simplicity Revolution: Finding Happiness in the New Reality Sue Schell, 2011-08-31 Optimism had been a mainstay since the post World War II days Few of us expected the economic slowdown would be more than a pause A SIMPLICITY REVOLUTION FINDING HAPPINESS IN THE NEW REALITY is a commentary on Americas Boom and Bust decade and the Corporatocracy that caused it The book is divided into chapters full of practical advice to assist readers on their personal lifestyle journeys We now can see that Americas desire to supersize everything was unsustainable What economists refer to as Americas New Normal Author Sue Schell calls our New Reality She writes After millions of people lost their jobs and some ultimately their homes we had heightened anxiety over the possibility that Americas best days may be behind us Would our American Dream survive for future generations What was to become of the vanishing middle class Anthropology Professor Dr Robert Launay of Northwestern University penned the forward to the book He writes The challenges we are facing are new and so the solutions and values we forge to meet them must also be new Here Sue Schell has hit the nail on the head A Simple life is not about frugality It is about living an authentic life that lets you live the life that you dream of living A life that is rooted not in the stuff you own but in your relationships with family and friends This may very well prove to be the silver lining we find in this Great Recession By M W Carlson U S Feeling lost and disillusioned after the financial crash and never ending recession Maybe you lost your job or are working at a job you hate You re not alone This book helped me sort things out and clarify what s most important for long term happiness According to this author there are four guideposts to a simpler life 1 protect our environment 2 always be financially responsible 3 use thoughtful consumption and 4 community involvement This all makes perfect sense you say yet it does need reinforcement which author Schell does effectively with her own life stories You get the feeling she is a person with compassion for others something we need more of these days No matter what stage of life you re in you will benefit from reading this book It may give you some new ideas about how to approach life how to get more satisfaction from your life or it may reinforce what you re already doing Either way GET THIS BOOK AND READ IT you ll feel more hopeful thoughtful and even peaceful after reading it It s funny too You ll enjoy the related quotes from famous historical figures Thoreau da Vinci Confucius to name a few After all simplicity isn t new but we need to be reminded during these difficult times By the way my 80 something year old mom read this and liked it too *The Collected Works of J. Krishnamurti* Jiddu Krishnamurti, 1991 In these talks in India Krishnamurti begins by stating his intention to begin answering questions put forth to him by others He points out that if an answer is to be right the question itself must also be a serious question put by a serious person by an earnest person who is seeking out the solution of a very difficult problem then obviously there will be an answer befitting that question Masterpieces of Western Art Robert Suckale, 2002 This volume traces the history of painting from medieval times to modern times with a focus on each era and its major artists This volume traces the history of painting from medieval times to modern times with a focus on each era and
