SCM Core Text: Theological Hermeneutics Alexander S.

Jensen, 2013-02-11 This book introduces theological hermeneutics by giving a historical account of the development of hermeneutical thinking It defines hermeneutics as the analysis of the obstacles to understanding The history of hermeneutical thinking and responses to obstacles is told here beginning with the allegorical interpretation of myths in Hellenism through to the contemporary view of the hermeneutical problem as universal Following the opening chapters on the history of hermeneutical thought the book presents an overview of the various contemporary hermeneutical schools of

thought and shows their rootedness in different parts of the hermeneutical tradition. The focus is clearly on biblical interpretation; however, it does also take account of developments outside the field of theology as they influence the theological reflection on the hermeneutical problem. The questions raised and the possible answers suggested in this volume will be of interest to students of other disciplines such as philosophy and literature.

Neuroscience and the Soul Thomas M. Crisp, Steven Porter, Gregg A. Ten Elshof, 2016-11-20 An interdisciplinary look at arguments both for and against traditional belief in the soul. It is a widely held belief that human beings are both body and soul; that our immaterial soul is distinct from our material body. But that traditional idea has been seriously questioned by much recent research in the brain sciences. In *Neuroscience and the Soul*, fourteen distinguished scholars grapple with current debates about the existence and nature of the soul. Featuring a dialogical format, the book presents state-of-the-art work by leading philosophers and theologians, some arguing for the existence of the soul, others arguing against it, and then puts those scholars into conversation with critics of their views. Bringing philosophy, theology, and science together in this way brings to light new perspectives and advances the ongoing debate over body and soul.

Reading Scripture with Paul Ricoeur Joseph A. Edelheit, James F. Moore, 2021-05-04 *Reading Scripture with Paul Ricoeur* is a unique volume in which twelve diverse contributors illuminate and analyze Paul Ricoeur's personal religious faith and intellectual passion for Scripture. The co-editors, Joseph A. Edelheit and James F. Moore, each studied with Ricoeur at the Divinity School of the University of Chicago and bring the perspectives of a rabbi and of a Lutheran pastor and theologian, respectively. This book engages topics such as translation, biblical hermeneutics, and prophecy, as well as specific scriptural passages: Cain and Abel, the Epistles, and a feminist reading of Rahab. It provides both students and scholars alike a new resource of reflections using Ricoeur's scholarship to illuminate and model how Ricoeur read and taught.

A Theologian's Guide to Heidegger Hue

Woodson,2019-08-30 A Theologian's Guide to Heidegger provides a uniquely theological introduction to the philosophy of Martin Heidegger by focusing on not just the relationship between Heidegger and theology or even the nature of the discourse that must occur between theological concerns and Heidegger's philosophical errands but by precisely exploring how theology can use Heidegger's philosophy as a means of outlining the scope and task of postmodern theology To do this especially with the postmodern theologian in mind this book considers the general relationship between Heidegger and theology how Heidegger can be read theologically while justifying why Heidegger must be read this way and defining the role that Heidegger must take in postmodern theology This includes a careful consideration of Heidegger's early theological roots from Freiburg to Marburg by examining the content of Heidegger's lesser known theologically minded seminars lectures and talks
