It can provide internet connectivity at qualified service addresses, whether you're expanding locations, building network diversity, or supporting business-critical applications.

What is "fixed wireless"?

"Fixed wireless" refers to wireless devices and services that are used in fixed locations such as an office, pop-up location, or a trailer within a construction site. Fixed wireless solutions are cost effective, can be installed quickly, and can be deployed in areas where fiber internet is not available or cost prohibitive.
