

AIRFRAME AND POWERPLANT MECHANICS' MANUAL

A note about this manual and the change in FAA Airframe and Powerplant Mechanics' written examinations that became effective July 1, 1968.

An applicant for the Airframe or Powerplant Rating who took the FAA written examinations prior to July 1, 1968, will be permitted to continue with the old examination until all subjects are completed with a passing grade. All passing credit earned using the older format will expire by July 1, 1970. Thus, an applicant who started but did not complete the FAA written examinations prior to July 1, 1968, should continue to study the Zweng Manual as outlined in the Preface.

Applicants now taking the written examinations for the first time should study the text and supplement of this manual according to the following plan:

AIRFRAME MECHANIC

<i>Section</i>	<i>Pages</i>	
1	9-15,	general information
2	18-66,	airframe text material
3	67-99,	airframe tables and illustrations

Airframe Repair Manual

Karin Nielsen-Saines

Airframe Repair Manual:
