of college football brightened considerably with the announcement that a national committee had approved a four team college football playoff beginning in 2014 At long last one of America's most beloved sports and its devoted followers will finally be rewarded with a legitimate champion being crowned on the football field Or so we've been told Questions still remain How will these four participants in this playoff be chosen Will smaller schools and leagues once again be shunned in favor of the prestige power and influence of the former BCS elites Gary Sapp asked himself these exact same questions and became dismayed with the growing speculation that the NCAA hadn't done enough to provoke change in the status quo And then he got busy crafting his own playoff system He would reduce dependency on the polls retain many of the country's top rivalries while preserving the importance of the regular season And finally he would deliver what the NCAA failed to He'd place 16 teams in a tournament to decide a national championship Keywords Football College Football College Football Playoff Sports Sports Study Gary Sapp Nest Egg Publishing
