the weather was treacherous and his travelling companion was someone he didn't know and who hated the place. But that eventful trip drew him into the historic battle to save the Franklin from being dammed. It was a struggle that brought down a federal government and one whose ecological reverberations twenty-five years on are more commanding than ever. In *The River Runs Free* Geoff Law gives a lively and witty account of that flagship campaign, weaving it around stories of his wilderness travels. Drawn since childhood to wild places, he is an experienced solo bushwalker, one who can never resist a challenge. He writes powerfully about the connection between humans and landscape, the source of inspiration for his life's work. Travel with him and you never know what's coming next, but you'll arrive exhilarated. Law is one of Australia's great outdoor adventurers, authors, and advocates. Bob Brown
