Our Beautiful Boys Sameer Pandya, 2025-03-18 When the star players on a high school football team are accused of violence by another student, their secrets and the secrets of their parents threaten to shatter their entire community in a gripping novel of race, class, and privilege from the author of *Members Only*. Vikram Shastri has always been a good kid. He's got a 4.6 GPA, listens to his parents, barely hits the parties, and is on track for a fancy college. But when he gets the chance to play on his high school football team, his world suddenly starts to shift. Basking in their recent victory, Vikram and his teammates Diego and MJ attend a party at an abandoned house in the Southern California foothills located right below three ancient caves. They find themselves lost in the dark of night in one of the caves, carried away by male bravado with a classmate who has annoyed them for years. But when the kid emerges with injuries that prove to be more serious than the all-star boys intended, they are suspended for the rest of the season, and the boys' parents are brought in to manage the situation. As the parents try to protect their boys, they are also managing their own complicated family and professional lives. While the parents work with and against one another to figure out the truth about that night, the boys must come to terms with how much of their own secrets they're willing to reveal to clear their names. Insightful and deeply human, *Our Beautiful Boys* is about race and class, parents trying to raise good boys in our fraught times, and the conflict we find when all of these slam together. It's about the kids inside each parent and the games the world makes each of us play. [Fireproof Finances](#) Steve Smith, 2022-07-04 I believe we are failing our brothers. The American fire service has excelled in training our firefighters for the job. However, we often fail to prepare them for financial success and life after the fire department. After years of dedicated service, many reach the end of their careers and realize they may not be prepared financially for retirement. This problem needs to be corrected, which is why I wrote this book. The topic of finances can seem overwhelming and sometimes even intimidating. For that reason, I have unpacked unfamiliar terms, included real-life examples, and avoided over-complicated language in the book. Instead, I use firefighter tactics and terminology to make financial strategies easy to learn and apply. The information in *Fireproof Finances* progresses to build knowledge and give you tools and tips to build a solid financial foundation. The structure will allow you to understand the concepts, apply them, and succeed financially. So, dive in and learn to take back your finances, run your financial firehouse, and retire wealthy.
