

## AS1288-2006 AUSTRALIAN STANDARDS GLASS IN BUILDING

The following is a summary of the AS1288-2006, January 2006 (cladding code that you need to be aware of in regard to glass (please refer to the Australian Standards - AS1288-2006 for the full code) which forms part of the Building Code of Australia.

**TABLE B.1 – Maximum Areas of Safety Glass (extracted from AS1288-2006)**

|                                      | Type of Glazing                                    | Minimum thickness (mm) | Maximum area (m <sup>2</sup> ) |
|--------------------------------------|----------------------------------------------------|------------------------|--------------------------------|
| Section B: Safety Glass <sup>1</sup> | Tempered and toughened laminated glass             | 6                      | 1.0                            |
|                                      |                                                    | 8                      | 2.5                            |
|                                      |                                                    | 9                      | 3.0                            |
|                                      |                                                    | 10                     | 4.0                            |
|                                      |                                                    | 11                     | 5.0                            |
|                                      |                                                    | 12                     | 6.0                            |
|                                      |                                                    | 13                     | 7.0                            |
|                                      |                                                    | 17.5                   | Unrestricted                   |
|                                      | Annotated glass <sup>2</sup>                       | 6                      | 0.5                            |
|                                      |                                                    | 8                      | 1.0                            |
|                                      |                                                    | 9                      | 1.5                            |
|                                      |                                                    | 10                     | 2.0                            |
|                                      |                                                    | 13                     | 3.0                            |
|                                      |                                                    | 17.5                   | Unrestricted                   |
|                                      | Safety organic: minimum internal glazing thickness | 6                      | 0.5                            |
|                                      |                                                    | 8                      | 1.0                            |
|                                      |                                                    | 9                      | 1.5                            |
|                                      | Safety organic: laminated glass                    | 6                      | 0.5                            |
|                                      |                                                    | 8                      | 1.0                            |
|                                      |                                                    | 9                      | 1.5                            |
|                                      |                                                    | 10                     | 2.0                            |
|                                      |                                                    | 11                     | 2.5                            |
|                                      |                                                    | 12                     | 3.0                            |
|                                      |                                                    | 13                     | 3.5                            |
| Section B: Safety Glass <sup>1</sup> | Other glass                                        | 15                     | 0.1                            |

<sup>1</sup> Safety glazing material (Section B.1 of Clauses 91 to 93 of AS1288-2006)

<sup>2</sup> Based on heat glass (heat-treated only) (minimum thickness not included and should be noted)

(3) This table may not be totally accurate

**Note:** Maximum area do not take into account design wind pressures. Refer to AS1288-2006 Supplement 1.

## **As1288 2006 Australian Standards Glass In Building:**

*American Environmentalism* J. Michael Martinez, 2013-06-20 Protecting the natural environment and promoting sustainability have become important objectives but achieving such goals presents myriad challenges for even the most committed environmentalist *American Environmentalism* Philosophy History and Public Policy examines whether competing interests can be reconciled while developing consistent coherent effective public policy to regulate uses and protection of the natural environment without destroying the national economy It then reviews a range of possible solutions The book delves into key normative concepts that undergird American perspectives on nature by providing an overview of philosophical concepts found in the western intellectual tradition the presuppositions inherent in neoclassical economics and anthropocentric human centered and biocentric earth centered positions on sustainability It traces the evolution of attitudes about nature from the time of the Ancient Greeks through Europeans in the Middle Ages and the Renaissance the Enlightenment and the American Founders the nineteenth and twentieth centuries and up to the present Building on this foundation the author examines the political landscape as non governmental organizations NGOs industry leaders and government officials struggle to balance industrial development with environmental concerns Outrageous claims silly misrepresentations bogus arguments absurd contentions and overblown prophecies of impending calamities are bandied about by many parties on all sides of the debate industry spokespeople elected representatives unelected regulators concerned citizens and environmental NGOs alike In lieu of descending into this morass the author circumvents the silliness to explore the crucial issues through a more focused disciplined approach Rather than engage in acrimonious debate over minutiae as so often occurs in the context of green claims he recasts the issue in a way that provides a cohesive look at all sides This effort may be quixotic but how else to cut the Gordian knot *Glass in Buildings* Standards Association of Australia. Committee BD-007, Glazing and Fixing of Glass, 2006

## **As1288 2006 Australian Standards Glass In Building Introduction**

As1288 2006 Australian Standards Glass In Building Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. As1288 2006 Australian Standards Glass In Building Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. As1288 2006 Australian Standards Glass In Building : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for As1288 2006 Australian Standards Glass In Building : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks As1288 2006 Australian Standards Glass In Building Offers a diverse range of free eBooks across various genres. As1288 2006 Australian Standards Glass In Building Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. As1288 2006 Australian Standards Glass In Building Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific As1288 2006 Australian Standards Glass In Building, especially related to As1288 2006 Australian Standards Glass In Building, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to As1288 2006 Australian Standards Glass In Building, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some As1288 2006 Australian Standards Glass In Building books or magazines might include. Look for these in online stores or libraries. Remember that while As1288 2006 Australian Standards Glass In Building, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow As1288 2006 Australian Standards Glass In Building eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the As1288 2006 Australian Standards Glass In Building full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of As1288 2006 Australian Standards Glass In Building eBooks, including some popular titles.

**FAQs About As1288 2006 Australian Standards Glass In Building Books**

1. Where can I buy As1288 2006 Australian Standards Glass In Building books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a As1288 2006 Australian Standards Glass In Building book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
