Calasanti, Kathleen F. Slevin, 2001-08-28 The experience of men and women in later life varies enormously not only along lines of gender but also due to ethnicity class sexual orientation and race In this text on gender issues among the aging Calasanti and Slevin explore these differences their genesis their meaning to men and women and their treatment in the policy arena The authors also take to task traditional research on aging and how it ignores these issues The authors cover

topics of work and retirement body image sexuality health family relationships and informal care among many others The current research and nuanced theoretical approach presented in this brief book makes it the ideal text to correct the stereotypic and monolithic views of the elderly for courses in gender or aging *Gender and the Politics of Possibilities* Manisha Desai,2009 *Gender and the Politics of Possibilities* explores the lesser known side of globalization beyond the effects of national governments and multinational corporations by taking a look at grassroots movements by women that have and continue to shape globalization today Manisha Desai highlights the significant role that women play in cross border trade in Africa in transborder activism on issues that affect women and in cultural change and social justice Gender and Food Shelley L. Britton,Shannon K. Jacobsen,Grace E. Howard,2017-08-03 *The Gender of Crime* introduces readers to how gender shapes our understanding of every aspect of crime from defining what crime is to governing how crime is punished The second edition of this award winning book maintains the accessible reader friendly narrative of the first edition with key updates and new material throughout including increased focus on the intersections of race class gender and sexuality in crime and punishment more attention to LGBTQ issues additional coverage of gender and crime on college campuses and more This dynamic and provocative book illustrates how gender is central to the definition prosecution and sentencing of crimes that it shapes how victimization is experienced and understood and how it structures the institutions of the criminal justice system and the experiences of workers within that system *The Gender of Crime* demonstrates that crime victimization and crime control are never generic they are instead produced and experienced by gendered and raced and classed and sexualized actors within contexts of social inequality This book highlights key concepts and encourages readers to think through a range of compelling real life examples from school violence to corporate crime The second edition of *The Gender of Crime* is essential reading for students of gender and sexuality sociology criminology and criminal justice
