Ebook: Physical Science Tillery, 2016-04-16 *Ebook Physical Science Large Meteorite Impacts and Planetary Evolution IV* W. U. Reimold, Roger Lawrence Gibson, 2010-01-01 *Proceedings of the Fourth International Conference on Large Meteorite Impacts and Planetary Evolution held at the Vredefort Dome South Africa in Aug 2008* Bi-location and Objects Appearing from Nowhere Martin K. Ettington, I've experienced many paranormal events in my life Most of them having something to do with prophecy I'm also an Author of numerous books on the paranormal including my book written in 2009 *God Like Powers and Abilities* which was an overview or encyclopedia of different paranormal abilities This book is about the phenomena of Bi Location The stories about individuals bi locating are the most fascinating but I'm also including stories of objects which appear and disappear which might have similar underlying causes These two phenomena seem to be inextricably linked since they both involve teleportation through space and possibly quantum entanglement Which is covered in a later chapter I've read about and seen enough evidence and had enough of my own experiences to believe these abilities are real However my experience with bi location is brand new and outside of the box of my previous experiences Actually having one of these experiences is what led me to write this book on Bi Location and the spontaneous appearances of objects
