British Emigration Projects Opinions Victorian:

Victorian Christianity and Emigrant Voyages to British Colonies c.1840 - c.1914 Rowan Strong, 2017-10-27 Victorian Christianity and Emigrant Voyages to British Colonies c 1840 c 1914 considers the religious component of the nineteenth century British and Irish emigration experience It examines the varieties of Christianity adhered to by most British and Irish emigrants in the nineteenth century and consequently taken to their new homes in British settler colonies Rowan Strong explores a dimension of this emigration history that has been overlooked by scholars the development of an international emigrants chaplaincy by the Church of England that ministered to Anglicans Nonconformists as well as others including Scandinavians Germans Jews and freethinkers Using the sources of this emigrants chaplaincy Strong also makes extensive use of the shipboard diaries kept by emigrants themselves to give them a voice in this history Using these sources to look at the British and Irish emigrant voyages to new homes this study provides an analysis of the Christianity of these emigrants as they travelled by ship to British colonies Their ships were floating villages that necessitated and facilitated religious encounters across denominational and even religious boundaries It argues that the Church of England provided an emigrants ministry that had the greatest longevity breadth and international structure of any Church in the nineteenth century The book also examines the principal varieties of Christianity espoused by most British emigrants and argues this religion was more central to their identity and consequently more significant in settler colonies than many historians have often hitherto accepted In this way the Church of England's emigrant chaplaincy made a major contribution to the development of a British world in settler colonies of the empire

Petworth Emigration Set Wendy Cameron, Sheila Haines, Mary Maude, 2000-10-04 This set is comprised of the following 2 volumes *Assisting Emigration to Upper Canada The Petworth Project 1832-1837* English Immigrant Voices Labourers Letters from Upper Canada in the 1830s *Victorian England 1837-1901* Josef Lewis Altholz, J. L. Altholz, 2002-08-22 This book contains 2 500 bibliographical entries covering most aspects of the history of Victorian England

Assisting Emigration to Upper Canada Wendy Cameron, Mary McDougall Maude, 2000-08-30 Using a rich collection of contemporary sources this study focuses on one group of English immigrants sent to Upper Canada from Sussex and other southern counties with the aid of parishes and landlords In Part One Wendy Cameron follows the work of the Petworth Emigration Committee over six years and trace how the immigrants were received in each of these years In Part Two Mary McDougall Maude presents a complete list of emigrants on Petworth ships from 1832 to 1837 including details of their background family reconstructions and additional information drawn from Canadian sources Paternalism strong enough to slow the wheels of change is embodied here in Thomas Sockett the organizer of the Petworth emigrations and his patron the Earl of Egremont and in Lieutenant Governor Sir John Colborne in Upper Canada The friction created as these men sought to sustain older values in the relationship between rich and poor highlights the shift in British emigration policy In these years of transition immigrants sent by the Petworth Emigration Committee could accept

assistance and the government direction that went with it or they could rely on their own resources and find work for themselves Once the transition was complete the market driven model took over and immigrants had to make their own best bargain for their labour *Canadian Migration Patterns from Britain and North America* Barbara Jane Messamore,2004 This collection of essays represents a selection of the papers presented at the 1998 Migration conference at the Centre of Canadian Studies at the University of Edinburgh Acknowledgements **Labour Migration in England, 1800-1850** Arthur Redford,1976 *Atlantic Canada's Irish Immigrants* Lucille H. Campey,2016-08-06 A transformative work that explodes assumptions about the importance of the Great Irish Potato Famine to Irish immigration In this major study Lucille Campey traces the relocation of around ninety thousand Irish people to their new homes in Atlantic Canada She shatters the widespread misconception that the exodus was primarily driven by dire events in Ireland The Irish immigration saga is not solely about what happened during the Great Potato Famine of the 1840s it began a century earlier Although they faced great privations and had to overcome many obstacles the Irish actively sought the better life that Atlantic Canada offered Far from being helpless exiles lacking in ambition who went lemming like to wherever they were told to go the Irish grabbed their opportunities and prospered in their new home Campey gives these settlers a voice Using wide ranging documentary sources she provides new insights about why the Irish left and considers why they chose their various locations in Nova Scotia New Brunswick Prince Edward Island and Newfoundland She highlights how through their skills and energy they benefitted themselves and contributed much to the development of Atlantic Canada This is essential reading for anyone wishing to understand the history of the Irish exodus to North America and provides a mine of information useful to family historians **Global Diasporas** Robin Cohen,2008-03-17 In a perceptive and arresting analysis Robin Cohen introduces his distinctive approach to the study of the world s diasporas This book investigates the changing meanings of the concept and the contemporary diasporic condition including case studies of Jewish Armenian African Chinese British Indian Lebanese and Caribbean people The first edition of this book had a major impact on diaspora studies and was the foundational text in an emerging research and teaching field This second edition extends and clarifies Robin Cohen s argument addresses some critiques and outlines new perspectives for the study of diasporas It has also been made more student friendly with illustrations guided readings and suggested essay questions **Planters, Paupers, and Pioneers** Lucille H. Campey,2010-08-30 The first in a series of three titles on The English in Canada this book focuses on factors that brought the English to Canada tracing the English arrivals to the various settlements Drawing on wide raging documentary resources this book is essential reading for individuals wishing to trace English and Canadian family links **Blacks in Canada** Robin W. Winks,1997-02-13 Using an impressive array of primary and secondary materials Robin Winks details the diverse experiences of Black immigrants to Canada including Black slaves brought to Nova Scotia and the Canadas by Loyalists at the end of the American Revolution Black refugees who fled to Nova Scotia following the War of 1812 Jamaican Maroons and fugitive slaves

who fled to British North America He also looks at Black West Coast businessmen who helped found British Columbia particularly Victoria and Black settlement in the prairie provinces Throughout Winks explores efforts by African Canadians to establish and maintain meaningful lifestyles in Canada The Blacks in Canada investigates the French and English periods of slavery the abolitionist movement in Canada and the role played by Canadians in the broader continental antislavery crusade as well as Canadian adaptations to nineteenth and twentieth century racial mores The second edition includes a new introduction by Winks on changes that have occurred since the book s first appearance and where African Canadian studies stands today
