Since the publication of the first edition horror has been on a gradual upswing and has gained a new and stronger hold over the film industry Newman negotiates his way through a vast back catalogue of horror and charts the on screen progress of our collective fears and bogeymen from the low budget slasher movies of the 1960s through to the slick releases of the 2000s *Nightmare Movies* is an invaluable companion that not only provides a newly updated history of the darker side of film but also acts as a truly entertaining guide with which to explore the less well trodden paths of horror and rediscover the classics with a newly instructed eye
