Asian Immigrants In North America With HIV/AIDS Stigma Vulnerabilities And Human Rights:

Asian Immigrants in North America with HIV/AIDS AKM Ahsan Ullah, Ahmed Shafiqul Huque, 2014-08-31 This book explores a number of issues related to the stigma arising from HIV AIDS infection perceived or actual discrimination from the community and society and the extent of vulnerabilities for infected Asian refugees and immigrants. It assesses the health care and treatment regimen for HIV AIDS accessed by immigrants and refugee claimants in North America including treatments offered by the health care system and ethnic communities and their perceptions and biases relating to HIV AIDS issues. On another level the book identifies the ways in which HIV sufferer immigrants and refugees refugee claimants from Asia are vulnerable to discrimination due to 1 lack of information about HIV AIDS incidence in the community 2 inability of the health system to respond appropriately and 3 the community's need for introspection on their own health issues. This book reveals the dynamics that influence choice behavior and lifestyle of HIV sufferer immigrants adds to the existing knowledge about refugees and migrants and proposes a unified theory of discrimination and stigmatization within the context of human rights. In addition the book presents a number of policy recommendations based on empirical findings with a view to helping reshape policies regarding refugee HIV sufferers and their social ramifications. This book will be of interest to researchers and students in any field from social sciences health and psychology as well as practitioners in the field of development and public policy. The book will be beneficial to policy formulators and implementers engaged in addressing the serious threat emanating from the HIV AIDS pandemic.

Social Safety Nets and Poverty Reduction in Developing Countries Jannatul Ferdous,AKM Ahsan Ullah,2023-12-05 This book investigates the origins current state and fundamental value of social safety nets in developing countries as well as their effectiveness in these settings Social safety net programs SSNPs are critical because they keep those who are already vulnerable from falling deeper into poverty Analysing how social safety nets benefit the most disadvantaged and marginalized members of society by allowing those in need to become financially stable more resilient and open up more opportunities for themselves this book shows that social safety nets SSNs are a collection of social services designed to protect people from the effects of economic and emotional hardship Showing that the purpose of the safety net is not to provide permanent financial security but rather to provide temporary financial security during periodic shocks and how this applies in South Asia and also in parts of Africa this book will be of interest to all scholars and students of social policy sociology social work and Global South politics more generally

Gendered Migrations Jannatul Ferdous,2024-03-21 This book delves into the multifaceted interplay between gender migration and development It challenges conventional theories by sharing the unique experiences of migrants particularly women and their profound impact on development in the global South It contributes significantly to the theory of intersectionality which illuminates how various forms of oppression and privilege intertwine to shape individuals experiences It ventures beyond traditional boundaries recognizing migration and development as transnational processes that transcend singular actors and spaces It highlights the interconnectedness of people cultures and economies across national borders unraveling the complex tapestry of migration and development It provides invaluable feminist perspectives illuminating pathways toward inclusivity and equity in development Through its nuanced analysis this book paves the way for a more inclusive equitable and empowering future for individuals and communities It is a valuable resource for policymakers practitioners and scholars seeking to promote social justice and gender equality in migration and development contexts

The Post-Pandemic World and Global Politics A K M Ahsan Ullah,Jannatul Ferdous,2022-05-06 The book examines the impact of COVID 19 on economic and political processes contending that the global reaction to the pandemic has been the largest failure in scientific policy in a generation Unlike earlier crises it has impacted the world s leading economies while also paralyzing international ties provoking diverse and far reaching reactions The authors posit that no effective global response has been launched in response to this global catastrophe Rather governments have implemented a variety of policies based on the costs of virus protection against financial closure and isolation In doing so there has been a resurgence in nationalism This book aims to provide comprehensive understanding of how the pandemic has widened political gaps and demarcates what the long term consequences might be in terms of policies and economics in the wake of the pandemic Of

interest to scholars in political geography development studies international relations public administration and health science this book presents key observations on existing theories of global politics pivoted around the COVID 19 pandemic and its ramifications on individuals groups and ultimately the nation state

Best Practices for Social Work with Refugees and Immigrants Miriam Potocky, Mitra Naseh, 2019-10-29 Social work practice with refugees and immigrants requires specialized knowledge of these populations and specialized adaptations and applications of mainstream services and interventions Because they are often confronted with cultural linguistic political and socioeconomic barriers these groups are especially vulnerable to psychological problems such as anxiety depression alienation grief and post traumatic stress disorder as well as concerns arising from inadequate health care Institutionalized discrimination and anti immigrant policies and attitudes only exacerbate these challenges The second edition of *Best Practices for Social Work with Refugees and Immigrants* offers an update to this comprehensive guide to social work with foreign born clients and an evaluation of various helping strategies and their methodological strengths and weaknesses Part 1 sets forth the context for evidence based service approaches for such clients by describing the nature of these populations relevant policies designed to assist them service delivery systems and culturally competent practice Part 2 addresses specific problem areas common to refugees and immigrants and evaluates a variety of assessment and intervention techniques in each area Using a rigorous evidence based and pancultural approach Miriam Potocky and Mitra Naseh identify best practices at the macro meso and micro levels to meet the pressing needs of uprooted peoples The new edition incorporates the latest research on contemporary social work practice with refugees and immigrants to provide a practical up to date resource for the multitude of issues and interventions for these populations

Covid-19 Pandemic And The Migrant Population In Southeast Asia: Vaccine, Diplomacy And Disparity Akmal Ahsan Ullah, Diptima Chattoraj, 2022-10-21 The COVID 19 pandemic has impacted about 1 billion migrants both international and domestic in a variety of ways and this book demonstrates how COVID 19 has widened the gaps between citizens non migrant and migrant populations in terms of income job retention freedom of movement vaccine etc While there is an emerging literature studying the impacts of COVID 19 on migration the situation in Southeast Asia has not received much scholarly attention This book fills the literature gap by studying the experiences of migrants and citizens in Brunei Malaysia and Singapore and highlighting how the pandemic has exacerbated inequalities between and within the groups These three countries are studied due to their high reliance of migrants in key economic sectors Findings in this volume are derived from a qualitative approach complemented by secondary data sources This book is appropriate for undergraduate and postgraduate students of population studies epidemiology political science public policy and administration international relations anthropology psychology sociology and migration and refugee studies Migration and labour scholars benefit from the nuanced comprehension about how a pandemic could cause a schism between migrants and the population at large Policymakers may consider the proposed recommendations in the book to improve the migration

situation **Principles of Social Research Methodology** M. Rezaul Islam, Niaz Ahmed Khan, Rajendra Baikady, 2022-10-26

This book is a definitive comprehensive understanding to social science research methodology. It covers both qualitative and quantitative approaches. The book covers the entire research process beginning with the conception of the research problem to publication of findings. The text combines theory and practical application to familiarize the reader with the logic of research design, the logic and techniques of data analysis and the fundamentals and implications of various data collection techniques. Organized in seven sections and easy to read chapters, the text emphasizes the importance of clearly defined research questions and well-constructed practical explanations and illustrations. A key contribution to the methodology literature, the book is an authoritative resource for policymakers, practitioners, graduate and advanced research students and educators in all social science disciplines.

The Migration Myth in Policy and Practice AKM Ahsan Ullah, Md Shahidul Haque, 2020-01-01. This book investigates the long-term impact of migration on development, engaging in a thorough analysis of the pertinent factors in migration. Migration scholars and stakeholders have long placed emphasis on the necessity of migration for development. At the heart of this book is the question: Has migration made development necessary, or is it the other way around? While existing literature is predominantly occupied with positive impressions about the migration-development nexus, this book challenges associated pervasive generalizations about the impact of migration, indicating that migration has not impacted all regions equally. This volume thus grapples with the different extents to which migration has impacted development by delving into the social costs that migrants often pay in the long run. With empirical support, this book proffers that some countries are becoming over-dependent on migration. An excellent resource for both policymakers working on migration policy and scholars in international relations, migration and development studies, this book presents a range of innovative ideas in relation to the remittance-development nexus.
