and Ethical Issues deals with these issues as they relate to working with young people. Additional practical case studies and examples show how counsellors can work pro actively with this age group. The book will be of particular interest as a textbook and resource to all professionals who work with emotionally disturbed young people and will provide an excellent resource for trainees in courses on counselling social work psychology occupational therapy mental health and psychiatry nursing and education.

Basic Personal Counseling David Geldard, 1989-01-01 **Basic Personal Counselling** David Geldard, 1999. This introduction to personal counselling for professional and volunteer counsellors and those who train them covers the specific skills required and includes examples of dialogue to show how counselling skills are implemented in real situations.

Psychology for Nurses Anne Byrne, Don Byrne, 1992. Text combining theory and practice and designed for both students and experienced professional nurses. The authors argue that successful nursing is based on good relationships with patients. Includes references and an index.

Relationship Counselling for Children, Young People and Families Kathryn Geldard, David Geldard, 2008-12-01. If you need one book that is crammed with clinically excellent genuinely well informed and useful ideas for working with family relationships in all their permutations this is undoubtedly it. Professor Colin Feltham, Sheffield Hallam University. This is easy to read and has a clear layout. Counselling MSc students may find it an interesting introduction to the topic. *Times Higher Education Magazine* May 2009. This book is a practical skills based introduction to relationship counselling. It covers couple counselling for parents, whole family counselling and counselling for children and young people with regard to their relationships with siblings, peers and parents. The text also includes an introduction to relationship counselling theory and concepts, a discussion of the importance of relying on a clearly defined theory of change, ways to address parenting issues, an exploration of confidentiality, disclosing inappropriate behaviour and personal safety. Kathryn Geldard and David Geldard present an integrative model of relationship counselling which combines skills and strategies from a number of approaches. Their practical guide integrates individual and subgroup counselling with whole family counselling, providing much needed material on methods and approaches for communicating with children and young people. The book will be invaluable to new relationship counsellors learning the skills required in order to bring about change and will be a useful reference book for experienced counsellors.

PERSONAL COUNSELING SKILLS: An Integrative Approach. (Rev. 1st Ed.) Kathryn Geldard, David Geldard, 2008. This revised first edition is a comprehensive easy to read introduction to personal counseling written for professional and volunteer counselors and those who train them. A major new addition to the book making it particularly attractive to those who train counselors is the inclusion of training group exercises for all skills chapters. After reading a particular chapter the exercises relating to that chapter in part VI of the book can be used by trainers to greatly enhance the learning process. These exercises have been found to be popular with both students and those teaching them. The chapters describing basic and more advanced counseling skills are arranged in a sequence that is particularly suitable when teaching student counselors to learn and practice using these skills for the first time. The

authors adopt an integrative approach that allows the reader to learn understand and use skills taken from major counseling approaches and to integrate these into a sequential process that maximizes the possibility of facilitating change in clients Of considerable value for new counselors are those sections of the book that describe the fundamental principles of the counseling relationship and explain the theories of change applicable to the various approaches to counseling Unique features include a highly practical integrative approach discussion of the specific skills required for success practical suggestions on ways to learn and develop new skills an understanding of the role of a counselor s supervisor information on practical issues such as keeping records arrangement of the counseling room and ways to look after yourself as a counselor plus practical information on issues of confidentiality and professional ethics The text will serve as a valuable resource for workers in a wide variety of helping professions where counseling skills are useful such as psychology social work welfare work medicine nursing human services and education
