Assessment In Art Therapy:

Assessment in Art Therapy Andrea Gilroy, Robin Tipple, Christopher Brown, 2012-03-15 Assessment in Art Therapy gives a unique insight into the diverse contemporary practices that constitute assessment in art therapy providing an overview of the different approaches employed in Britain and the USA today This professional handbook comprises three parts Sitting Beside explores the discursive and the relational in art therapy assessments with adults and children in different settings Snapshots from the Field presents a series of short practice based reports which describe art therapists working in private practice secure settings and community mental health centres A More Distant Calculation consists of chapters that describe the development and use of different kinds of art based assessment procedures developed on both sides of the Atlantic as well as different kinds of research about art therapy assessment Both students and practitioners alike will benefit from the wealth of experience presented in this book which demonstrates how art therapists think about assessment the difficulties that arise in art therapy assessment and the importance of developing the theory and practice of art therapy assessment whilst taking into account the changing demands of systems and institutions The Art Therapists' Primer Ellen G. Horovitz, 2020-07-01 Doctor Ellen G Horovitz shares over 40 years of experience as she transliterates evidence based art therapy into medical terminology This revised and updated Third Edition spells out the how to s behind producing art therapy assessments process notes significant sessions objectives and modalities termination summaries and internet based assessments into translatable documentation designed to dovetail within an interdisciplinary medical model In addition this third edition emphasizes information on how to use psychological applications and art therapy based assessments to ensure best practices and efficacy of patient care This step by step methodology fashions these reports placing art therapy on equal footing with all mental health clinicians and generates records which serve as points of departure for practitioners This text is designed as a teaching tool that lays the foundation to enhance pertinent skills that are important to patient practice including the armament to write up clinically based reports that serve as a model for the field Additionally the practitioner is offered sample formats legends and abbreviations of clinical and psychiatric terms guidelines for recordable events instructions of writing up objectives modalities and treatment goals as well as training on composing progress versus process notes The Appendices provides a wealth of information and forms to use in one s clinical practice This must have reference manual amasses information that will serve as a companion guide for every art therapist to formulate clinical reports and it will aid patients toward their trajectory of wellness recovery and above all health *Tools of the Trade* Stephanie L. Brooke, 2004 This new edition with its revised title provides critical reviews of art therapy tests along with some new reviews of assessments and updated research in the field It is comprehensive in its approach to considering reliability and validity evidence provided by test authors Additionally it reviews research on art therapy assessments with a variety of patient populations The book contains helpful suggestions regarding the application of art therapy assessments Specific areas

covered include individual group family and multicultural assessment techniques The desirable and undesirable features of a variety of art therapy assessments are deliberated The book critiques a series of art therapy assessments from traditional art therapy approaches to current releases The goal of this work is to assist mental health professionals in selecting assessments that yield reliable and valid clinical information regarding their clients Of special interest is the author's approach to writing the results of a series of art therapy assessments in an effort to provide a more complete indication of client dynamics and issues It will be a valuable resource for practitioners who use art therapy as an adjunct or primary therapy and it will serve to enhance clinical skills making therapy more effective for each patient who participates in the assessment process

Art Therapy Observation and Assessment in Clinical Practice Ingrid Péntzes, 2024-02-29 This book describes ArTA an evidence based method for art therapy observation and assessment This novel method argues the art making process and art product are related to aspects of mental health The results of the author's own research show that observed patterns in material interaction material experience and the specific combinations of formal elements of the art product reveal the client's balance between thinking and feeling and adaptability Divided into four sections the book illustrates this research theory and application of the ArTA method using examples and case histories with clear frameworks that give guidance in art therapy observation and assessment It provides direction for formulating treatment goals and drawing up appropriate treatment interventions Intended for art therapy students and practicing art therapists this methodology will challenge readers to rethink the relationship between a client's interaction with art materials and their mental health

Drawings in Assessment and Psychotherapy Leonard Handler, Antoinette D. Thomas, 2013-11-20 Drawing is a language projected by children and adults reflecting their joy and pain It is used extensively by clinical psychologists art therapists social workers and other mental health professionals in the assessment and treatment of children adolescents adults and couples This book brings together a renowned group of professionals to analyze the research and application of the most popular assessment and treatment tools Tests discussed include the Draw a Person Test the House Tree Person Test the Kinetic Family Drawing Test the Art Therapy Projective Imagery Assessment and the Wartegg Drawing Completion Test Working with sexually and physically abused children assessing clients with anorexia nervosa and the influence of osteopathic treatment on drawings are some of the special topics considered Numerous case studies are also included

Clinical Assessment in Art Therapy Dawn E Burau, Michaela Kirby, 2019-01-01 *A Systematic Analysis of Art Therapy Assessment and Rating Instrument Literature* Donna J. Betts, 2005 **Assessment and Outcomes in the Arts Therapies** Caroline Miller, 2013-09-21 There is increasing pressure on therapists to provide details of structured assessments and to report therapy outcomes This edited volume provides a series of case studies with varied client groups giving arts therapists an accessible introduction to assessment and outcome measures that can be easily incorporated into their regular practice

Examining Line Pressure in Art Therapy Assessment Chelsea H. Greene Shillieto, 2015 The use of heavy pressure applied to a drawing has been

observed in art therapy assessments as a possible graphic indicator of anger Kaplan 1994 aggression hostility Van Hutton 1994 and in cases of abuse Culbertson Revel 1987 Manning 1987 Sidun Rosenthal 1987 Currently there is no valid or reliable measure available to quantify the level of pressure applied to a drawing material The Pressure Rating Method PRM has been developed to provide a consistent and reliable means of measurement NCR carbonless paper was used to assign scores that describe the amount of pressure applied during an art making experience A sample of 31 adults completed a simple art directive using a PRM packet and a 2 pencil Three raters scored each set of drawings using the PRM and the scores were compared to the scores produced using a Likert type scale As was evidenced through the intraclass correlations the reliability of the ratings using the PRM was the highest
