Corresponding with Carlos Charles Barber, 2011-11-30 Carlos Kleiber 1930 2004 was the greatest conductor of his generation His reputation is legendary and yet astonishingly in his five decades on the podium he conducted only 89 concerts some 600 opera performances and produced 12 recordings How did someone who worked so little compared to his peers achieve so much Between his relatively small output and well known aversion to publicity many came to regard Kleiber as reclusive and remote bordering on unapproachable But in 1989 a conducting student at Stanford University wrote him a letter and an unusual thing occurred the world renowned conductor replied And so began a 15 year correspondence study and friendship by mail Drawing heavily on this decade and a half exchange *Corresponding with Carlos* is the first English language biography of Kleiber ever written Charles Barber offers unique insights into how Kleiber worked based on their long and detailed correspondence This biography by one friend of another considers among other matters Kleiber s singular aesthetic his playful and often erudite sense of humor his reputation for perfectionism his much studied baton technique and the famous concert and opera performances he conducted Comic and compelling *Corresponding with Carlos* explores the great conductor s musical lineage and the contemporary contexts in which he worked It repudiates myths that inevitably crop up around genius and reflects on Kleiber s contribution to modern musical performance This biography is ideal for musicians scholars and anyone with a special love of the great classical music tradition **Theatre Organ** ,2008 *This Thing Called Music* Victoria Lindsay Levine, Philip V. Bohlman, 2015-05-21 The most fundamental subject of music scholarship provides the common focus of this volume of essays music itself For the distinguished scholars from the field of musicology and related areas of the humanities and social sciences the search for music itself in its vastly complex and diverse forms throughout the world characterizes the lifetime of reflection and writing by Bruno Nettl the leading ethnomusicologist of the past generation *This Thing Called Music* Essays in Honor of Bruno Nettl salutes not only a great scholar and beloved teacher but also a thinker whose search for the meaning and ontology of music has exerted a global influence Editors Victoria Lindsay Levine

and Philip V Bohlman have gathered essays that represent the many dimensions of musical meaning addressing some of the most critically important areas of music scholarship today The social formations of musical communities play counterpoint to analytical studies investigations into musical change and survival connect ethnography to history offering a collection of essays that can serve as an invaluable resource for the intellectual history of ethnomusicology Each chapter explores music and its meanings in specific geographic areas North and South America Europe Asia and the Middle East crossing the boundaries of genre repertory and style to provide insight into the aesthetic zones of contact between and among the folk classical and popular musics of the world Readers from all disciplines of music scholarship will find in this collection a proper companion in an era of globalization when the connections that draw musicians and musical practices together are more sweeping than ever Chapters offer models for detailed analysis of specific musical practices while at the same time they make possible new methods of comparative study in the twenty first century together posing a challenge crucial to all musicians and scholars in search of this thing called music
