Manuel des maisons d'éducation chrétienne ou Recueil de prières, instructions, cantiques, exercices, etc Félix Dupanloup, 1843 Instructions et prières pour le Jubilé , 1751 Autocar , 2003 **The Mortal Voice in the Tragedies of Aeschylus** Sarah Nooter, 2017-10-26 Voice connects our embodied existence with the theoretical worlds we construct This book argues that the voice is a crucial element of mortal identity in the tragedies of Aeschylus It first presents conceptions of the voice in ancient Greek poetry and philosophy understanding it in its most literal and physical form as well as through the many metaphorical connotations that spring from it Close readings then show how the tragedies and fragments of Aeschylus gain meaning from the rubric and performance of voice concentrating particularly on the Oresteia Sarah Nooter demonstrates how voice as both a bottomless metaphor and performative agent of action stands as the prevailing configuration through which Aeschylus dramas should be heard This highly original book will interest all those interested in classical literature as well as those concerned with material approaches to the interpretation of texts *Before the Singing* Barbara Tagg, 2013-04-25 Written for the collaborative community that supports children s choirs in school church and community contexts Before the Singing is appropriate for artistic directors conductors music educators board members volunteers administrators staff and university students studying music education or nonprofit arts management
