Ascension Accessing The Fifth Dimension:

Ascension - Accessing the Fifth Dimension Elizabeth Joyce,2010 [Ascension-Accessing the Fifth Dimension](#)
Elizabeth Joyce,2013-10 I can assure you that everything is right on track with our Spiritual evolutionary process All is right where it needs to be for this phase of the amazing Ascension process we have chosen to be born into undertake and move mankind forward As we progress further and further into the higher realms we have less and less of the old world to hold onto the world as we know it The vibrations are changing quickly and with that experience we have chaos destruction before reconstruction With these new Fifth Dimension energies God and the Divine are about to lift us up into a new world of splendor All of us have the ability to become transformed and carry the new frequencies within ourselves We can become natural healers manifest our desires and bring unconditional love to everyone we come in contact with Only those who choose to open their eyes and see will move along with the tides of change and survive **Ascension Accessing the Fifth Dimension Workbook** Elizabeth Joyce,2011-12 WORKBOOK is a word that may put you off a bit Most of us feel that it means we have to do hard work in order to Ascend or to release the old outworn and outmoded parts of ourselves I do not believe that learning how to heal yourself and others or how to access the Spiritual Chakras has to be hard difficult or painful It can be a fabulous adventure In ancient times the great Masters of Atlantis as well as many other teachers along the way were accessing this powerful energy system In the past the Fifth Dimension energies have not been available to all but only to the chosen few Now the time has arrived for others to become aware of this system and reap the rewards of using it in their daily and spiritual lives The present understanding of the chakra system gives you seven plus one foot to crown The extra chakra Chakra Zero is your Earth grounding center and is located at the balls of both feet Above the Crown Chakra are four more numbered eight and then ten to twelve The Ninth Chakra is located at the base of your skull at the back of your head and the Eight and One Half Chakra is extended about eight feet out from behind your head forming a Triad between the Eighth and Ninth Chakras The main purpose of these extended chakras which have always been a part of the human energy field is to enable the individual to tune in to his or her inner God Self the Divine Will and even the galactic community that surrounds and supports the Earth in its evolution The first Chakra Group zero to seven the Physical Chakras are meant to help you with your development regarding the Earth the Third Dimension they help you to become One with the planet Then the next five chakras eight to twelve help you to become One with the Universe Your awareness is slowly being moved away from your center your own physical Self outward to encompass the larger framework of other people life forces realities and divinity itself In this way you become more than you were before and more perfect too As you stop focusing on yourself and begin to focus on these larger energies you move out of your small world and step into a new Universe where almost anything is possible From a reality creating standpoint this movement in possibilities is very very powerful This workbook explains all of the Spiritual Chakras as well as the Divine Seals which hold them in place create a higher vibration as well as

spontaneous healing on the physical body system This is to be used in conjunction with the book Ascension Accessing The Fifth Dimension and the Certified Healing Course offered by Inter dimensional Ascension Vibrational Healing The Universe has brought down a new healing accessing the double helix the highest form of vibrational healing on the planet creating spontaneous healing and wellness

Ascension Accessing the Fifth Dimension Elizabeth Joyce, 2018-02-17 In addition to the normal Chakra Energy System there exists an extended chakra system the Spiritual Chakras which is just now coming into humanity's awareness This energy system is latent in most people however as more people advance spiritually and begin to ascend and raise their vibrations this extended energy system begins to unlock the golden door This new system a natural part of the Fifth Dimension is the next step in the Spiritual evolution of the planet In ancient times the great Masters of Atlantis as well as many other teachers along the way were accessing this powerful energy system In the past the Fifth Dimension energies have not been available to all but only to the chosen few Now the time has arrived for others to become aware of this system and reap the rewards of using it in their daily and spiritual lives The present understanding of the chakra system gives you seven plus one from foot to crown The extra chakra the foot chakras Chakra Zero is your Earth grounding center and is located at the balls of both feet Above the Crown Chakra are four more numbered eight and then ten to twelve The Ninth Chakra is located at the base of your skull at the back of your head where the brain stem attaches to the spine The Eight and One Half Chakra is extended about eight feet out from behind your head at your soft spot forming a Triad between the Eighth and Ninth Chakras The main purpose of these extended chakras which have always been a part of the human energy field is to enable the individual to tune in to his or her inner God Self the Higher Self as well as our the galactic community that surrounds and supports the Earth in its evolution The first Chakra Group zero to seven the Physical Chakras are meant to help you with your development regarding the Earth the Third Dimension they help you to become One with the planet Then the next five chakras eight to twelve help you to become One with the Universe Your awareness is slowly being moved away from your center your physical Self outward to encompass the larger framework of other people life forces realities and divinity itself In this way you become more than you were before expanding into your wholeness and more in alignment with the Universe too As you stop focusing on yourself and begin to focus on these expansive energies you move out of your small world and step into a new Universe where almost anything is possible From a reality creating standpoint this movement in possibilities is very very powerful This extended Chakra System aids you in the breaking down of the Self within the confines of time and space To move outward into other dimensions and realities is to come face to face with the idea that the physical Earth is just one place of many that you could have or can inhabit In the vast regions of the Universe you have existences that are just as rooted and meaningful as your present earthbound cohabitation is There are things that you do in these other realities just like you do here on Earth and these things are just as significant as your physical lives Furthermore when you begin to glimpse these other realities and see what is happening a new picture of how

your Soul is developing begins to take shape You realize that all your existences are like individual musical instruments in a great orchestra that you are directing and creating You see yourself as attached to the Universe in every thought and every action you take You envelope into the oneness of the ALL *Ascension-Accessing the Fifth Dimension* Elizabeth

Joyce,1913-09-27 In addition to the normal Chakra Energy System there exists an extended chakra **Ascension**

Accessing the Fifth Dimension the Truth about 2012 Revised Edition Elizabeth Joyce,2010-01-01 This title has been cancelled **Fifth-Dimensional Soul Psychology** David K. Miller,2014-08-18 Greetings I m Vywamus I m a soul

psychologist In this series of lectures we will explore the meaning of soul psychology and how it relates to modern psychology More importantly we will show how soul psychology as a practice is becoming more popular and is an especially useful technique for starseeds and others who are awakening to the fact that there is reincarnation and that there are soul lessons that must be learned The basic essence of soul psychology rests with the idea that the soul is evolving and that part of this evolution is occurring through incarnations in the third dimension Now to even speak about the soul evolving is perhaps a controversial subject because we know that the soul is eternal We know that the soul has been in existence for infinity and we know that the soul is perfect So why would the soul have to evolve The answer to this question is complex and we may not be able to totally answer it using third dimensional terminology But it is an important question to answer because the nature of soul evolution is inherently connected to your experiences in the third dimension The soul in completing its evolutionary journey needs these experiences in the third dimension and it needs to complete the lessons here through David K Miller Chapters Include Soul Evolution The Nature of the Soul Enlightenment Soul Psychology and Planetary Healing Soul Group Psychology Restoring the Self Uncovering the Mystery of the Mental Body Negative Self Talk Altered States of

Consciousness Cosmic Karma **New Spiritual Technology for the Fifth-Dimensional Earth** David K. Miller,2012-05-21 Earth is moving closer to the fifth dimension and new spiritual ideas and technologies are becoming available for rebalancing our world Native ceremonies to connect to Earth healing energies Thought projections and thought communication to communicate with Earth Connections with our galactic starseed heritage so that we can relate to our role in the galaxy A new spiritual paradigm to help humankind transition into the next evolutionary stage THE SACRED TRIANGLE

REPRESENTS THE INTEGRATION OF THREE SPIRITUAL SOURCES FOR HEALING THE EARTH The Native American spirituality and the spiritual work of the indigenous peoples of the world The mystical energy found in all the major religions in the world including Christianity the Kabbalah Hinduism Sufism and the ascended masters Fifth dimensional galactic spirituality which includes energy from extradimensional masters such as the Arcturians and the Pleiadians **Empowering Your Soul** Glensy-Kay,2012-11-13 We are on a fascinating journey of life of living and of learning to create for ourselves the life we always wanted a life that fits neatly around the health wealth and happiness that most of us have always been striving for Why havent we been able to create this life What has prevented us from having this mythical health wealth and happiness

Some have it and then lose it or throw it away So often we either cant create it or we lose it because we have had absolutely no idea of how the energies of life work This is what this book is all about helping you to understand how life works and in that place you can then create your dreams You become empowered to make better choices Not everyone comprehends the very basic foundation of life that we do create the reality in which we live When you read this book you will understand just how important this is It is a valuable read for all those seeking answers to the meaning of life We need this information to enable us to better understand and live in the new future we are in the process of creating
