Ashes Of Victory Honor Harrington Series Book 9:

Ashes of Victory David Weber, 2000-03-01 REPORTS OF MY DEATH HAVE BEEN GREATLY EXAGGERATED The People's Republic of Haven made a tiny mistake when it announced the execution of Honor Harrington. It seemed safe enough. After all, they knew she was already dead. Unfortunately, they were wrong. Now Honor has escaped from the prison planet called Hell and returned to the Manticoran Alliance with a few friends. Almost half a million of them, to be precise, including some who know what really happened when the Committee of Public Safety seized power in the PRH. Honor's return from the dead comes at a critical time, providing a huge, much-needed lift for the Allies. Morale for the war is rapidly entering a decisive phase. Both sides believe that victory lies within their grasp at last, but dangers no one could foresee await them. Both New weapons, new strategies, new tactics, spies, diplomacy, and assassination. All are coming into deadly focus, and Honor Harrington, the woman the newsies call the Salamander, once more finds herself at the heart of them all. But this time the furnace may be too furious for even a salamander to survive. At the publisher's request, this title is sold without DRM Digital Rights Management. **For Younger Readers**, 2004. HONOR'S FINISHING WHAT SHE STARTED. The Solarian League's navy counts its superdreadnoughts by the thousands. Not even its own government knows how enormous its

economy truly is And for hundreds of years the League has borne the banner of human civilization been the ideal to which humanity aspires in its diaspora across the galaxy But the bureaucrats known as the Mandarins who rule today's League are not the men and women who founded it so long ago They are corrupt venal accountable to no one and they've decided the upstart Star Kingdom of Manticore must be destroyed Honor Harrington has worn the Star Kingdom's uniform for half a century and served her monarch and her people well In the course of those years the woman the newsies call the Salamander has grown from a tactically brilliant but politically naïve junior officer to supreme fleet command and a seat on the highest military and political councils of the Grand Alliance Very few people know war the way Honor Harrington does Very few have lost as many men and women as many friends as much family as she has Yet despite that hers has been a voice of caution She knows the Mandarins and the Solarian League Navy are growing increasingly desperate as the truth of their technological inferiority sinks home but she also knows the sheer size of the League And she knows how its citizens will react if the Grand Alliance takes the war to the League attacks its star systems destroys its infrastructure kills its civilians Today's victory bought on those terms can only guarantee a future war of revenge against a resurgent Solarian League and its navy Honor knows the Grand Alliance must find a victory that doesn't require incursions deep into Solarian space doesn't leave a legacy of bottomless hatred and the strategy she supports has been working The League is sliding towards inglorious defeat as it steadily loses ground in the Protectorates and the Verge As its central government teeters towards bankruptcy and even some of its core systems opt to secede in the face of the Mandarins corruption As the Solarian Navy finally realizes it cannot face an Alliance battle fleet and win But the Mandarins have embraced a desperate new strategy and in pursuit of that strategy the SLN has committed atrocities such as the galaxy has not known in a thousand years The League have violated its own Eridani Edict against mass civilian casualties violated the Deneb Accords prohibition on war crimes And they have finally killed too many of the people Honor Harrington loves Hers is the voice of caution and compromise no longer and the galaxy is about to see something it has never imagined The Salamander is coming for the Solarian League and Hell is coming in her wake About Uncompromising Honor a balanced mix of interstellar intrigue counterespionage and epic fleet action with all the hard and software details and tactical proficiency that Weber delivers like no one else along with a large cast of well developed believable characters giving each clash of fleets emotional weight Booklist moves as inexorably as the Star Kingdom's Grand Fleet commanded by series protagonist Honor Harrington Weber is the Tom Clancy of science fiction His fans will relish this latest installment Publishers Weekly Each book contains food for multiple tastes and provides a feast Readers will get enough hardware geek stuff and space battles to make their palms sweaty Those who love political intrigue will nigh have their brains explode from following all the tentacles of strategy Those who love fully drawn characters with everything at stake will have lots to cheer about And those who love bad guys committing atrocious deeds only to get what they deserve from the good guys will sleep contentedly at night because justice has been served Uncompromising Honor
