Assata An Autobiography

Nicole Carr

Assata An Autobiography:

Assata Assata Shakur, 2001 The life story of African American revolutionary Shakur previously known as JoAnne Chesimard **Assata** Assata Shakur, 1987 The life story of African American revolutionary Shakur previously known as JoAnne Chesimard *Assata* Assata Shakur, 2001 On May 2 1973 Black Panther Assata Shakur aka JoAnne Chesimard lay in a hospital close to death handcuffed to her bed while local state and federal police attempted to question her about the shootout on the New Jersey Turnpike that claimed the life of a white state trooper Long a target of J Edgar Hoover's campaign to defame infiltrate and criminalize Black nationalist organizations and their leaders Shakur was incarcerated for four years prior to her conviction on flimsy evidence in 1977 as an accomplice to murder Two years after her conviction Assata Shakur escaped from prison She was given political asylum by Cuba where she now resides **Abolition Feminisms Vol. 2** Alisa Bierria, Brooke Lober, Jakeya Caruthers, 2022-11-08 In this expansive companion to Abolition Feminisms Vol I contributors confront multiple paradigms of punitivity the foundational logics of family borders heterosexuality colonial violence and more to disengage us from root systems of carcerality The book transcends various modes and forms through grassroots praxis critical research storytelling diagrams poetry and visual art these pieces build on the legacies of feminist thinkers who formulated abolitionist critiques of policing surveillance and control The resulting framework provides readers with the resources to cultivate and inhabit a post carceral world of radical freedom and possibility **Black Power Afterlives** Diane Fujino, Matef Harmachis, 2020-08-04 The first book to comprehensively examine how the Black Panther Party has directly shaped the practices and ideas that have animated grassroots activism in the decades since its decline Black Power Afterlives represents a major scholarly achievement as well as an important resource for today's activists Through its focus on the enduring impact of the Black Panther Party this volume expands the historiography of Black Power studies beyond the 1960s 70s and serves as a bridge between studies of the BPP during its organizational existence and studies of present day Black activism allowing today's readers and organizers to situate themselves in a long lineage of liberation movements **Imprisoned Intellectuals** Joy James, 2004-09-01 Prisons constitute one of the most controversial and contested sites in a democratic society The United States has the highest incarceration rate in the industrialized world with over 2 million people in jails prisons and detention centers with over three thousand on death row it is also one of the few developed countries that continues to deploy the death penalty International Human Rights Organizations such as Amnesty International have also noted the scores of political prisoners in U S detention This anthology examines a class of intellectuals whose analyses of U S society politics culture and social justice are rarely referenced in conventional political speech or academic discourse Yet this body of outlawed public intellectuals offers some of the most incisive analyses of our society and shared humanity Here former and current U S political prisoners and activists writers from the civil rights black power women's gay lesbian American Indian Puerto Rican Independence and anti war movements

share varying progressive critiques and theories on radical democracy and revolutionary struggle This rarely referenced resistance literature reflects the growing public interest in incarceration sites intellectual and political dissent for social justice and the possibilities of democratic transformations Such anthologies also spark new discussions and debates about reading for as Barbara Harlow notes Reading prison writing must demand a correspondingly activist counterapproach to that of passivity aesthetic gratification and the pleasures of consumption that are traditionally sanctioned by the academic disciplining of literature Barbara Harlow 1 1 Barbara Harlow Barred Women Writing and Political Detention New England Wesleyan University Press 1992 Royalties are reserved for educational initiatives on human rights and U S incarceration

Black Feminist Mothering in 21st Century Literature Nicole Carr, 2025-05-23 Black feminist mothering can birth new worlds As today's world becomes increasingly hostile with the rising cost of food coupled with global warming's devastating impact we are in need of a feminism bold enough to imagine new pathways for survival Black feminist mothering may well be the remedy This volume positions Black feminist mothering as much more than a biological or caregiving role Building on key Black feminist tenets Carr examines Black women's maternal labors as a practice and proclamation for mothering ourselves tending to each other and nourishing our communities Far too often Black women's maternal intellectual and political labors are recognized only in service to white supremacist capitalism Mammy Breeder Welfare queen This text counters these dehumanizing iconographies to focus instead on the Black maternal's imaginative possibilities Not only does Carr address Black women's resistance to white supremacist power plays but she also attends to Black heteropatriarchy and the burdens racial solidarity imposes on Black women The Black maternal Carr argues is a cradle for Black revolution As Assata Shakur famously declared We are pregnant with freedom

Black Power Jeffrey O. G. Ogbar, 2019-03-19 Exploring the profound impact of the Black Power movement on African Americans Outstanding Academic Title Choice In the 1960s and 70s the two most important black nationalist organizations the Nation of Islam and the Black Panther Party gave voice and agency to the most economically and politically isolated members of black communities outside the South Though vilified as fringe and extremist these movements proved to be formidable agents of influence during the civil rights era ultimately giving birth to the Black Power movement Drawing on deep archival research and interviews with key participants Jeffrey O. G. Ogbar reconsiders the commingled stories of and popular reactions to the Nation of Islam Black Panthers and mainstream civil rights leaders Ogbar finds that many African Americans embraced the seemingly contradictory political agenda of desegregation and nationalism Indeed black nationalism he demonstrates was far more favorably received among African Americans than historians have previously acknowledged It engendered minority pride and influenced the political cultural and religious spheres of mainstream African American life for the decades to come This updated edition of Ogbar's classic work contains a new preface that describes the book's genesis and links the Black Power movement to the Black Lives Matter movement A thoroughly updated essay on sources contains a comprehensive review of Black Power related scholarship

Ultimately Black Power reveals a black freedom movement in which the ideals of desegregation through nonviolence and black nationalism marched side by side *Women's Studies Quarterly*: (32: 3-4) LaVerne McQuiller Williams, 2004-12 This issue looks at women and crime as offenders victims and criminal justice professionals *The Oxford Encyclopedia of Women in World History* Bonnie G. Smith, 2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated women's daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune women's and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike

Ignite the flame of optimism with is motivational masterpiece, Fuel Your Spirit with **Assata An Autobiography** . In a downloadable PDF format (PDF Size: *), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.
