ASSUMPTIONS

THAT AFFECT OUR LIVES

How Worldviews Determine Values that
Influence Behavior and Shape Culture

Dr. Christian Overman

Assumptions That Affect Our Lives

Roman Wölfel

Assumptions That Affect Our Lives:

Assumptions That Affect Our Lives (Textbook) Christian Overman, 1996 *Assumptions That Affect Our Lives* traces the foundation of Western thought back to two opposing worldviews the ancient Greeks who fathered man centered secularism and the ancient Hebrews who carried forward the revelation of God

Assumptions That Affect Our Lives Christian Overman, 2025-04 Are you aware of the underlying assumptions that shape your values and behavior Have you given much thought to how your assumptions about what's really real influence your daily actions We often underestimate the importance of presuppositions that lie behind the values and behavior of ourselves and others Like an iceberg floating in the ocean with just ten percent visible and ninety percent below the surface we sometimes lose sight of the fact that words and actions are first shaped by beliefs that lie deep within the reaches of an inner concept of reality called a worldview Going beyond values and behavior to examine the underlying beliefs and assumptions that shape one's worldview is what this book is all about Examining worldview assumptions is critically important for understanding the times and the culture in which we live *Assumptions That Affect Our Lives* has helped thousands make a difference in the way they live by making a difference in the way they think

Assumptions Can Mislead M. C. Dye, 2013-09-09 This book is based on stunning true stories about people of all ages in a wide variety of situations The stories illustrate how unrecognized incorrect assumptions can cause mistakes misunderstandings and tragic outcomes Assumptions are interwoven into the very fabric of our lives When we make an assumption we take something for granted We accept it as fact The stories also show our need to be respected and understood the types of assumptions we make and how we can recognize assumptions before we make them This is a book about us and how our assumptions affect us The stories led to the book's title and chapter titles Most chapters begin with stories Some of the twenty one chapter titles are Urgent Tenacious Assumptions Dogged Beliefs Automatic Assumptions Can Mislead Betrayed Now Will You Listen Our Doctors Need Our Stories When We Are Patients Hospitals Recognizing Assumptions Because medical errors are a serious problem we as patients and our medical professionals need to be aware of incorrect assumptions that can compromise our care Orlando has shown us how we can recognize assumptions and get the story right Whether in health care or elsewhere getting the story right can sometimes be crucial

Intentional Living Andrea Jones Mullins, 2011-06-01 How long has it been since you made an intentional decision that shaped your life Did that decision draw you closer to God or lead you away from Him This thought provoking book unveils God's intentional decision to place us here not so we could wander aimlessly but to include us in what He is doing As a result of this truth where we live how we live and why we live become matters of great importance Jesus lived intentionally He was sent into the world and has already walked where we are to walk He came to point the way to God to save and to serve As a true Christ follower we should have the same mission Intentional Living will inspire you to begin applying this lifestyle philosophy by loving God with your whole being Intentionally commit to think with God's mind see through God's eyes embrace God's personality feel with

God's heart tell God's story influence with God's light and serve with God's strength **The Biblical World Through New Glasses** Joey Johnson, 2012-01-20 It is not enough to read the Bible without understanding its cultural context In *The Biblical World Through New Glasses* Bishop Joey Johnson shows the ordinary Bible reader how they can understand the culture of the first century New Testament era and enrich their understanding of the whole Bible Readers will uncover a new way of looking at Scripture which will lead them to a more complete perspective on the culture in which Jesus Christ was born lived died buried and rose again Study to show thyself approved unto God a workman that needeth not to be ashamed rightly dividing the word of truth II Timothy 2:15 *The Complete Idiot's Guide to Spiritual Healing* Susan Gregg, 2000 Promotes awareness of mind body spirit connection and provides techniques for healthier living **Wisdom** Robin Sampson, 2006-10-15 This homeschool study is one of the most important things you will ever do with your children Suppose you wanted to go to a city in Texas but you were given a map to Florida mislabeled Texas Following the directions would not work even if you changed your tried harder or increased your speed You would still be lost The problem is not your attitude or effort The problem is you have the wrong map Many homeschoolers are following the wrong map on their homeschool journey They follow the state standards curriculum scope and sequence or SAT benchmarks This unique unit study is a map to TRUE Wisdom **Arguing for Our Lives** Robert Jensen, 2013-03-08 We live in a time when public discourse is more skewed than ever by the propaganda that big money can buy with trust in the leadership of elected officials at an all time low The news has degenerated into sensationalist sound bites and the idea of debate has become a polarized shouting match that precludes any meaningful discussion It's also a time of anxiety as we're faced with economic and ecological crises on a global scale with stakes that seem higher than ever before In times like these it's essential that we be able to think and communicate clearly In this lively primer on critical thinking Robert Jensen attacks the problems head on and delivers an accessible and engaging book that explains how we can work collectively to enrich our intellectual lives Drawing on more than two decades of classroom experience and community organizing Jensen shares strategies on how to challenge conventional wisdom in order to courageously confront the crises of our times and offers a framework for channeling our fears and frustrations into productive analysis that can inform constructive action Jensen connects abstract ideas with the everyday political and spiritual struggles of ordinary people Free of either academic or political jargon this book is for anyone struggling to understand our world and contribute to making it a better place Robert Jensen is a professor in the School of Journalism at the University of Texas at Austin and a founding board member of the Third Coast Activist Resource Center This is a brave book one that packs more wisdom in its few pages than a shelf's worth of political theory because it's also a book about political practice Jensen patiently honestly and rigorously exemplifies the highest virtues of a public intellectual Raj Patel author of *Stuffed and Starved* Markets Power and the Hidden Battle for the World's Food System Debating discussion engagement with ideas that matter these are all supposed to be left to professionals specialists who talk to each

other in mutually incomprehensible ways Meanwhile decades of advertising sound bites PR filtered information and internet trolling have numbed us even more But we don t have to live this way We could immediately start living in a better world one in which every conversation was an opportunity to learn more about ourselves others and the precious little world we all have to try to live on together To do that though we would have to re learn how to think and talk how to agree and disagree Robert Jensen s *Arguing For Our Lives* can help us do that Justin Podur Associate Professor York University and author of *Haiti s New Dictatorship* Pluto Press 2012 *Arguing for Our Lives* is a crucial book for reclaiming not only the pedagogical and political virtues of critical thinking but for securing the foundations for critical agency and engaged citizenship Everyone should read *Arguing for Our Lives* if they believe there is a connection between how we think and how we act how we understand democracy and how we experience and struggle for it Henry Giroux author of *Twilight of the Social Resurgent Politics in the Age of Disposability Paradigm* 2012 **The Heart of Wisdom Teaching Approach** Robin Sampson,2005-04 Details the Bible based homeschool teaching approach for parents and discusses Christian education learning styles unit studies bible study and more **Values Information from AI** The Values We Share Project, Values information from AI is a collection of information and images of values generated from an AI tool as part of The Values We Share Project to promote values All information in this book can be used to promote values and can be used as material in values formation programs All information in this book will also be used in The Values We Share Project videos materials and courses in the future Visit The Values We Share Project at <http://thevaluesweshare.info>

Whispering the Secrets of Language: An Psychological Journey through **Assumptions That Affect Our Lives**
