An Eight Week Guide To Incarnational Community:

Sacrilege Hugh Halter, 2011-10 Missional expert challenges the all too familiar religiosity found in many churches and helps readers re envision authentic faith by presenting an unvarnished picture of Jesus **The Meaning of Missional** Dick Wiedenheft, 2018-09-17 Confusion abounds regarding what it means to be missional Is it about social action An emphasis on outreach Being organic instead of program driven This book provides succinct clearly written and biblical answers With the theological insight of a scholar and the warm personal illustrations of a pastor Dick Wiedenheft shares insights and experiences gained over his own fifteen year missional journey What does missional mean Why is it important How will it change my life or my church What are some simple ways to begin After reading this book you will know what it means to be missional why becoming missional is so important and what practical steps you can take to begin **AND** Hugh Halter, Matt Smay, 2010-04-27 It s time to stop asking the old questions about how to do church better and instead ask how churches can more effectively participate in and grow God s kingdom **AND** helps Christian leaders recognize the best in different church models and see how to incorporate these values into a cohesive church movement By the numbers the American church enjoys the resources to profoundly impact the Kingdom But despite the rapid growth of these evangelical movements the church in the West is in decline A growing schism has emerged between the movement with a strong emphasis on attracting people and the more missional communities that focus on releasing people into ministry Church resource specialists Hugh Halter and Matt Smay have been observing these different church models and they challenge the idea that churches have to choose between them between the attractional and missional approaches to ministry With professional insight and practical advice Halter and Smay dial in on how to bring together the very best of the attractional **AND** missional models for church ministry by exploring The balance between gathering a community together **AND** scattering them into the world The harmony between centralization **AND** decentralization in church structure The mindset necessary to invest in both the traditional **AND** the innovative The drive to maintain both a vision for the future **AND** a depth of community for the present As churches begin to develop these **AND**s they will be better positioned to influence the world according to the design of God instead of the whims of the people or the pride associated with production *Missional. Monastic. Mainline.* Elaine A. Heath, Larry Duggins, 2014-01-30 Here is the long awaited volume that provides both the theoretical foundations and practical guidance for developing new monastic and missional communities in contexts that are theologically progressive racially and economically diverse and multicultural This book contains the wisdom and perspectives of people who live and serve in missional new monastic communities in United Methodist and other mainline traditions and it describes new forms of theological education that are emerging to resource a new generation of Christian leaders Heath and Duggins challenge Methodists Lutherans Episcopalians Presbyterians and other Christians to reach into their own robust mainline heritage for resources to develop small intentional communities that practice a rigorous life of prayer hospitality and justice Launch

A Field Guide for Genuine Community Ben Connelly, 2021-07-06 I m surrounded by people at church so why do I feel so alone You show up at church every Sunday You see people you know You listen to a sermon together And then you go home feeling just as isolated as you did before What s going on We all know that a church is supposed to be a community The trick is to actually make it one Communities don t happen by chance certainly not in our Lone Ranger culture that values independence and individualism A truly Christian community must be built by intentional practices that allow for deeper connections centered on the unity that can only be found in Christ In A Field Guide for Genuine Community longtime pastor and discipleship trainer Ben Connelly shows you that the biblical model for community is the family of God In twenty five short practical readings he takes you beyond the surface and helps you learn to connect with your brothers and sisters as true family members The church isn t meant to be a collection of strangers God intends for you to find a unified and purposeful household where you truly belong
