

The background of the book cover is a detailed, colorful illustration of a computer circuit board. The board is green and populated with various electronic components like capacitors, resistors, and integrated circuits. Superimposed on this technical background are several tiny, stylized human figures. These figures are dressed in business attire, including suits and blouses, and are depicted in various work-related poses: some are walking, some are carrying briefcases, and others appear to be interacting with the components of the circuit board. The overall color palette is dominated by the green of the circuit board, with accents of blue, orange, and purple from the components and the figures' clothing. The lighting creates a sense of depth and focus on the miniature workers.
