the goal of political campaigning using persuasion to build a winning coalition remains constant the means of achieving that goal are always changing Flanagan dissects the effects of recent changes in financial regulation and grassroots fundraising the advent of the permanent campaign as well as the increase in negative advertising He pulls these themes together to show how tactics are employed at specific points in a campaign by providing a firsthand account of his management of the Wildrose Party campaign in Alberta's 2012 provincial election Lifting the veil of campaign secrecy he provides a candid account of the successes and mistakes the newly formed party made in an election that nearly toppled the four decade long dynasty of Alberta's Progressive Conservatives Modeling its campaign on the 2006 campaign that brought Stephen Harper to 24 Sussex Drive Wildrose combined grassroots fundraising an innovative platform that reached out to its electoral coalition a carefully scripted leader's tour as well as negative and positive advertising in the race towards leadership Success for the party seemed within reach until breakdowns in message discipline in the campaign's final week caused the Wildrose tide to ebb Citing diverse sources such as game theory evolutionary psychology and Aristotelian rhetoric Flanagan explores the timeless aspects of campaigning and emphasizes new strategies of coalition building For future campaigners Winning Power provides textbook illustrations of what does and doesn't work

The Age of Knowledge James Dzusah, Henry

Dickerson, Flanagan, 1998 **Separate but Unequal** Frances Widdowson, 2019-11-05 Separate but Unequal provides an in depth critique of the ideology of parallelism the prevailing view that Indigenous cultures and the wider Canadian society should exist separately from one another in a nation to nation relationship Using the Final Report of the Royal Commission on Aboriginal Peoples as an example this historical and material analysis shows how the single minded pursuit of parallelism will not result in a more balanced relationship between Indigenous and non Indigenous peoples On the contrary it merely restores archaic economic political and ideological forms that will continue to isolate the Indigenous population This book provides an alternative framework for examining Indigenous dependency This new perspective the political economy of neotribal rentierism shows that Indigenous Peoples circumstances have been inextricably linked to the development of capitalism in Canada While Indigenous Peoples were integral participants in the fur trade the transition from mercantilism to industrial capitalism led to their marginalization This book is published in English Separate but Unequal fournit une analyse approfondie de l'idéologie du parallélisme la vision dominante selon laquelle les cultures autochtones et la société canadienne en général devraient vivre séparément les unes des autres dans une relation de nation à nation En s'appuyant sur le rapport final de la Commission royale sur les peuples autochtones cette analyse historique et matérielle montre que les propositions parallèles visant accroître l'autonomie des Autochtones dans tous les aspects des politiques publiques ne se solderont pas en une

relation plus quilibre entre peuples autochtones et non autochtones tant donn qu elles ne font que rtablir des formes conomiques politiques et id ologiques archa ques qui continueront d isoler la population autochtone Elle propose de recadrer la question de la d pendance autochtone en ayant recours la notion de renti risme n otribal Ce cadre d conomie politique met en lumi re le fait que les conditions des peuples autochtones ont t inextricablement li es au d veloppement du capitalisme au Canada Ce livre est publi en anglais
