An Introduction To Language Policy Theory And Method:

An Introduction to Language Policy Thomas Ricento, 2009-02-04 An Introduction to Language Policy Theories and Method is a collection of newly written chapters that cover the major theories and methods currently employed by scholars active in the field provides an accessible introduction to the study of language policy research and language's role in social life consists of newly commissioned essays written by internationally recognized scholars helps define and describe a growing field of inquiry and is an authoritative source for students scholars and researchers in linguistics applied linguistics education policy studies and related areas includes section overviews annotated chapter bibliographies and discussion questions

The Economics of Language Policy Michele Gazzola, Bengt-Arne Wickström, 2016-09-30 Insights from the application of economic theories and research methods to the management of linguistic diversity in an era of globalization In an era of globalization issues of language diversity have economic and political implications Transnational labor mobility trade social inclusion of migrants democracy in multilingual countries and companies international competitiveness all have a linguistic dimension yet economists in general do not include language as a variable in their research This volume demonstrates that the application of rigorous economic theories and research methods to issues of language policy yields valuable insights The contributors offer both theoretical and empirical analyses of such topics as the impact of language diversity on economic outcomes the distributive effects of policy regarding official languages the individual welfare consequences of bilingualism and the link between language and national identity Their research is based on data from countries including Canada India Kazakhstan and Indonesia and from the regions of Central America Europe and Sub-Saharan Africa Theoretical models are explained intuitively for the nonspecialist The relationships among linguistic variables inequality and the economy are approached from different perspectives including economics sociolinguistics and political science For this reason the book offers a substantive contribution to interdisciplinary work on languages in society and language policy proposing a common framework for a shared research area Contributors Alisher Aldashev Katalin Buzsi Ramon Caminal Alexander M Danzer Maxime Leblanc Desgagn Peter H Egger Ainhoa Aparicio Fenoll Michele Gazzola Victor Ginsburgh Gilles Grenier François Grin Zoe Kuehn Andrea Lassmann Stephen May Serge Nadeau Suzanne Romaine Selma K Sonntag Stefan Sperlich Jos Ramón Uriarte François Vaillancourt Shlomo Weber Bengt Arne Wickström Lauren Zentz

Agency in Language Policy and Planning: Jeremie Bouchard, Gregory Paul Glasgow, 2018-12-21 This collection brings together theory and ethnographic research from a range of national contexts to offer unique insights into the nature of agency in language policy and planning Situated within a broader sociological framework the book explores agentic processes at work in case

studies from around the world engaging in discussions of such key themes as language and identity language ideologies linguistic diversity in education and language revitalization Each chapter examines the ways in which decisions made at both the local and national level impact language use and in turn the dynamic relationship between language use policy and practice in these contexts Taken together this volume advances our understanding of agency in language policy and planning and directions for future research making this key reading for students and scholars in language and education critical sociolinguistics and applied linguistics *Language Policy and the Future of Europe* Alice Leal, Seán Ó Riain, 2023-06-21

This volume offers an insider perspective on language policy in the EU bringing together two key figures well acquainted with its development to reflect critically on the future of language policy and practices in post Brexit Europe Born out of Alice Leal's English and Translation in the European Union this volume features annotated interviews with Seán Riain newly appointed Multilingualism Officer by the Irish diplomatic service whose decades of experience in key milestones in EU language policy offer a unique perspective on its development Each chapter bookended by a contextual introduction and a closing commentary by Leal addresses such key questions as How long can the EU keep linguistic and cultural spheres off the policy making agenda How has the ECRML impacted linguistic diversity in the region How widespread is the dominance of English in EU institutions today and what impact does it have on EU multilingualism Why is EU language policy not given the attention it warrants What does the future of language policy hold in this post Brexit era Providing exclusive insights into EU language policy this book will appeal to scholars in applied linguistics translation studies sociolinguistics and political science as well as stakeholders in language policy and planning *Multilingualism in Education in Nepal* Laxman Ghimire, 2021-07-22

This book explores the development of multilingual policy in education in Nepal in sociopolitical and historical contexts and examines the frameworks of language use in schools It investigates the dynamics and factors that influence the process of construction and appropriation of the policy of multilingualism in education The book surveys the language situation in schools and discusses how it is impacted by local language positions societal power relations ideological and identity contestations and the attitude language behaviour and resistance of key actors It highlights the role of pedagogy linguistics and politics that govern the policy of multilingual education The author assesses the prospects of a multilingual approach to learning via teacher preparation curriculum and learning material development coordination of actors and institutions and resources available in schools The book presents Nepal's linguistic background while discussing how multilingualism in education recognises local languages to improve the quality of learning in classrooms in ethnolinguistic communities Evaluating the use of local languages in classrooms it explores monolingual multilingual and language maintenance frameworks of multilingualism in education This book will be of interest to teachers students and researchers of education and educational studies linguistics sociology of education school education language studies sociolinguistics language policy and planning public administration ethnolinguistics and sociology of language It will also be

useful to educationists policymakers linguists sociolinguists and those working in related areas Language Policy in Ethiopia Mekonnen Alemu Gebre Yohannes, 2021-02-18 This book examines the interplay and tensions between hegemonic and counter hegemonic language policy and processes in Tigray a regional state of Ethiopia in the period of pre and post 1991 Viewing language use and language policy as dynamic social and ideological processes the book presents Ethiopia as an example of language policy creation and implementation over time in a highly volatile political context The case of Ethiopia is unique in that different language policies and practices were put in place as the country's leaders changed through political takeovers Declared language policies were not always implemented and those implemented were often protested The book starts with an overview and review of language policy and planning followed by a chapter on the history of such planning in Ethiopia It then presents the methodology used for the study and examines the appropriation of hegemonic LPP patterns of resistance schools and public sites as centers of resistance and the emergence and development of specific patterns of language use in different regions of the country The book ends with recommendations for future research and draws the overall conclusion that since LPP is a dynamic and multilayered contextual process official or de facto language policy is often undermined by overt or covert unofficial language policies ideologies mechanisms and agents that result in different patterns of language use **Engaged Language Policy and Practices** Kathryn A. Davis, Prem Phyak, 2016-12-08 Engaged Language Policy and Practices re envisions language policy and planning as an engaged approach drawing on and portraying theoretical and educational equity perspectives It calls for the right to language policy making in which all concerned communities parents students educators and advocates collectively imagine new strategies for resisting global neoliberal marginalization of home languages and cultural identities This book subsequently emphasizes the means by which engaged dialectic processes can inform and clarify language policy making decisions that promote equity In other words rather than descriptions of outcomes the authors emphasize the need to detail the means by which local regional actors resist and transform inequitable policies These descriptions of processes thereby provide all actors with ideological pedagogical and equity policy tools that can inform situated school and community policy making This book depicts ways in which engaged language policy embodies the intersection of critical inquiry participant involvement and ongoing engaged language planning processes It further offers an alternative to the traditional top down approach to language education policy making Engaged Language Policy and Practices is essential reading for scholars teachers students communities and others concerned with worldwide language and identity equity Research Methods in Language Policy and Planning Francis M. Hult, David Cassels Johnson, 2015-07-07 This is the first volume exclusively devoted to research methods in language policy and planning LPP Each chapter is written by a leading language policy expert and provides a how to guide to planning studies as well as gathering and analyzing data Covers a broad range of methods making it easily accessible to and useful for transdisciplinary researchers working with language policy in any capacity Will serve as both a foundational methods text for graduate

students and novice researchers and a useful methodological reference for experienced LPP researchers Includes a series of guidelines for public engagement to assist scholars as they endeavor to incorporate their work into the public policy process
