Aging And Human Motivation The Springer Series In Adult Development And Aging

Bert Hayslip, Paul E. Panek

Aging And Human Motivation The Springer Series In Adult Development And Aging:

Aging and Human Motivation Ernest Furchtgott, Mary Wilkes Furchtgott, 1999-10-31 This book covers age associated changes in human motivation Starting with age decrements in energetic or biological functions it progresses to an analysis of the psychological and sociological factors that affect the behavioral choices of healthy older people The author emphasizes the contextual nature of human motives to examine a variety of behaviors ranging from the traditional to the more complex

Adult Development and Aging Julie Hicks Patrick, Bert Hayslip, Lisa Hollis-Sawyer, 2025-07-15 Topically organized Adult Development and Aging Growth Longevity and Challenges Second Edition provides students with a comprehensive understanding of the aging process across the lifespan from early adulthood to late adulthood *Occupational Therapy with Aging Adults - E-Book* Karen Frank Barney, Margaret Perkinson, 2024-06-21 Get all the information you need to work holistically creatively and collaboratively when providing services for older adults with Karen Frank Barney Margaret A Perkinson and Debbie Laliberte Rudman s *Occupational Therapy with Aging Adults* 2nd Edition Emphasizing evidence based occupation based practice and a collaborative interdisciplinary approach this text walks students and practitioners through the full range of gerontological occupational therapy practice inclusive of working with individual clients to working at systems and societal levels Over 80 leaders in their respective topical areas contributed to the book s 33 chapters including the conceptual foundations and principles of gerontological occupational therapy bio psychosocial age related changes environmental forces shaping occupational participation for older adults the continuum of health care as well as implications for communities and the attributes ethical responsibilities and roles involved in gerontological occupational therapy This edition also covers topical OT issues that are crucially important to an aging population such as diversity and inclusion disability and aging sexuality technology telehealth and virtual environments intergenerational connections updates on dementia research and caring for someone with dementia occupational justice and aging age inclusive communities and an expanded section on hearing to ensure your students are well versed in every aspect of this key practice area UNIQUE Intraprofessional and interprofessional approach to intervention emphasizes working holistically and collaboratively in serving older adults UNIQUE Chapter on the wide range of physiological musculoskeletal and neurological changes among the aging patient population highlights related occupational performance issues Case examples help you learn to apply new information to actual client and community situations Chapter on evidence based practice discusses how to incorporate evidence into clinical or community settings Questions at the end of each chapter can be used for discussion or other learning applications UNIQUE Chapters on nutrition food insecurity and oral health explore related challenges faced by older adults Chapter on ethics provides a deeper understanding of how to address challenging ethical dilemmas **Adult Development and Aging** Bert Hayslip, Paul E. Panek, 1993 Conveys an understanding of the ongoing process of adult ageing and development The coverage ranges from basic topics such as theory and research to high interest current issues such as

minority ageing elder abuse dual career marriages industrial gerontology and single parenthood **Adult Development and Aging** Susan Krauss Whitbourne, Stacey B. Whitbourne, 2010-10-18 The fourth edition continues to provide psychologists with a fresh and engaging approach to the field of psychology of adult development and aging It focuses on three themes a multidisciplinary approach positive images of aging and the newest and most relevant research Recent articles and updates to the information on demography economics and public policy are presented The Aging in the News feature includes a story of a remarkable achievement by a middle aged or older adult The Assess Yourself boxes are also updated with new questions Psychologists appreciate this mix of examples and discussions that make the material come to life *Handbook of Emotion, Adult Development, and Aging* Carol Magai, Susan H. McFadden, 1996-10-24 The field of emotions research has recently seen an unexpected period of growth and expansion both in traditional psychological literature and in gerontology The Handbook of Emotion Adult Development and Aging provides a broad overview and summary of where this field stands today specifically with reference to life course issues and aging Written by a distinguished group of contributing authors the text is grounded in a life span developmental framework while advancing a multidimensional view of emotion and its development and incorporating quantitative and qualitative research findings The book is divided into five parts Part One discusses five major theoretical perspectives including biological discrete emotions ethological humanistic and psychosocial Part Two on affect and cognition discusses the role of emotion in memory problem solving and internal perceptions of self and gender Part Three on emotion and relationships expands on the role of emotion in sibling and parent child relationships as well as relationships between friends and romantic partners and the emotional reaction to interpersonal loss across the life span Part Four on stress health and psychological well being treats issues of stress and coping religion personality and quality of life The final part on continuity and change in emotion patterns and personality discusses emotion and emotionality throughout the life span An ideal reference source for professionals across a wide range of disciplines the text summarizes recent important developments in this fast growing area of psychology and proposes many new directions for future research Provides a biopsychological view on emotion in adulthood from a life span context Presents the new perspective on emotion in older adults actively engaged in emotion self regulation Describes the intimate connection between emotion and the structure of personality Demonstrates a new perspective on what emotion is its importance across the life span its connections with cognition its role in interpersonal relation and the way it influences both stability and change in adulthood Illustrates the interpersonal nature of emotion Provides theoretically based leading edge research from international authors Five areas of coverage include Theoretical perspectives Affect and cognition Emotion and relationships Stress health and psychological well being Continuity and change in emotion patterns and personality Coverage includes Five major theoretical perspectives including biological discrete emotions ethological humanistic and psychosocial The role of emotion in memory problem solving and internal perceptions of self and gender The role of emotion in sibling and parent child relationships

relationships between friends and romantic partners and the emotional reaction to interpersonal loss across the lifespan
Issues of stress and coping religion personality and quality of life Emotion and emotionality throughout the lifespan

Handbook of the Psychology of Aging, 2015-08-19 Handbook of the Psychology of Aging Eighth Edition tackles the biological and environmental influences on behavior as well as the reciprocal interface between changes in the brain and behavior during the course of the adult life span The psychology of aging is important to many features of daily life from workplace and the family to public policy matters It is complex and new questions are continually raised about how behavior changes with age Providing perspectives on the behavioral science of aging for diverse disciplines the handbook explains how the role of behavior is organized and how it changes over time Along with parallel advances in research methodology it explicates in great detail patterns and sub patterns of behavior over the lifespan and how they are affected by biological health and social interactions New topics to the eighth edition include preclinical neuropathology audition and language comprehension in adult aging cognitive interventions and neural processes social interrelations age differences in the connection of mood and cognition cross cultural issues financial decision making and capacity technology gaming social networking and more Tackles the biological and environmental influences on behavior as well as the reciprocal interface between changes in the brain and behavior during the course of the adult life span Covers the key areas in psychological gerontology research in one volume Explains how the role of behavior is organized and how it changes over time Completely revised from the previous edition New chapter on gender and aging process

Research in Personnel and Human Resources Management M. Ronald Buckley, Jonathon R. B. Halbesleben, Anthony R. Wheeler, 2016-07-14 Research in Personnel and Human Resources Management is designed to promote theory and research on important substantive and methodological topics in the field of human resources management

The Oxford Handbook of Work and Aging Jerry W. Hedge, Walter C. Borman, 2012-03-16 The area of work and aging is complex and multi faceted Its foundation is formed by a wide array of disciplines that both contribute to the complexity of its understanding and offer fertile promise for research development and application in the years ahead With an ever growing population of older workers many of whom are suggesting they will likely continue to work past traditional retirement age it becomes all the more important that we increase our efforts to develop a more thorough understanding of older workers the nature of their interactions with work and the organizations for which they work and the process of transitioning to retirement Clearly there are huge societal and global challenges that will both inform and influence research and application at the individual and organizational levels The Oxford Handbook of Work and Aging examines the aging workforce from an individual worker organization and societal perspective and offers both an integration of current cross disciplinary knowledge and a roadmap for where research and application should be focused in the future to address issues of an aging workforce The volume is divided into six core sections demography theoretical and methodological issues the older worker organizational strategies for an older workforce

individual and organizational perspectives on work and retirement and societal perspectives with an aging workforce
Bringing together seasoned authors from diverse academic and professional backgrounds new approaches to recruiting
workplace flexibility and the right mix of benefits and incentives are presented as a way of engaging an older workforce

Later Life Harold Cox, 2015-11-17 An interdisciplinary introduction to the aging process which uses symbolic
interactionism as the main theoretical perspective Accessible interdisciplinary coverage with chapters covering a variety of
subject matter areas from biology to psychology from economics to sociology from political science to religion Utilizes
symbolic interaction perspective to explain behavior problems and an individual's adaptations associated with the process of
aging
