embalmed it and packaged it but it seems that death is back In the current era marked by economic political and social uncertainty we see it on television on the Internet we see it almost everywhere Inter Facing Death analyzes the nexus of death and digital culture in the contemporary moment in the context of recent developments in social cultural and political theory It argues that death today can be thought of as interfaced that is mediated and expressed in various aspects of contemporary life rather than put to the side or overcome as many narratives of modernity have suggested Employing concepts from anthropology sociology media studies and communications Inter Facing Death examines diverse phenomena where death and digital culture meet including art online suicide pacts the mourning of celebrity deaths terrorist beheadings and selfies Providing new lines of thinking about one of the oldest questions facing the human and social sciences this book will appeal to scholars and students of social and political theory anthropology sociology and cultural and media studies with interests in death

moments But given that he has been constantly harassed arrested and detained for much of his adult life by Chinese authorities bulldozed his studio Ai Weiwei has mixed feelings about it and even asked that his name not be associated with it
